PRECAUTIONARY STATEMENTS
Hazard to Humans & Domestic Animals

DANGER: May cause irreversible eye damage if sprayed in the eyes at close range. Contact through breathing or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

First Aid
Have label with you when obtaining medical advice. Call a poison control center, doctor, or 1-800-825-3600 immediately for treatment advice.

IF ON SKIN OR CLOTHING – Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
IF IN EYES – Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Physical or Chemical Hazards
Flammable. Containers under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Environmental Hazards
Do not apply directly to water. Do not contaminate water by disposing of unused materials.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used to deter bears that are attacking or appear likely to attack humans. This product may not be effective in all situations or prevent all injuries. Do not spray this product on objects, books or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed material that may have become contaminated with this product.

This product has an effective range of 30 feet. The canister empties in approximately 5 seconds.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container. Apply the product and release the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you have not used this product before, you should obtain a training and practice with it until you can perform these activities quickly and accurately. If you test-fire this canister, make sure the wind is at your back and depress the actuator tab for no more than half a second. Do not test-fire in areas inhabited by bears. After test firing, clean nozzle and can with soap and water to remove residue from the can.

To Arm and Apply: This product is designed for one-handed operation. Place finger through hole in handle with thumb on safety clip out. Pull safety clip straight back and off until thumb (Fig. 1). Depress actuator tab for burst of spray (Fig. 2). Aim in face and eyes of bear. Press trigger for 2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

To Disarm: Replane safely clip by firmly pushing with thumb until audible "snap" is heard (Fig. 3). Check to see if safety clip is securely in place. No gap should be visible between the actuator handle and the safety clip.

STORAGE AND DISPOSAL
STORAGE: Store only in original container, in a dry place inaccessible to children and pets. Do not store in places where the temperature is above 130°F or below 32°F.

DISPOSAL: Do Not Puncture or Incinerate.
If empty: Press valve to release all pressure. Then place in trash or offer for recycling if available.
If partly filled: Call your solid waste agency or 1-800-CLEANUP for disposal instructions.
