Drift Control Agent

PRINCIPAL FUNCTIONING AGENTS
Polyvinyl Polymer (Polyacrylamide) .................................................. 2.0%
Constituents ineffective as a spray adjuvant ........................................ 98.0%
Total ........................................................................................................ 100.0%

All ingredients exempt from tolerance under 40 CFR 180. WA Reg. No. 71089-00003

CAUTION - KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS: Causes moderate eye irritation. Causes skin irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

SHAKE WELL BEFORE USE

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

GENERAL INFORMATION
Drift Control is designed to reduce drift of water soluble, emulsifiable concentrates, and wettable powder crop protection materials applied by aircraft or ground operated sprayers. Please see precautions for use with desiccants and defoliants.

Drift Control is exempt from requirements of tolerance under Title 40, Code of Federal Regulations, 180.

DIRECTIONS FOR USE
This product is intended for use with pesticides that are labeled for agricultural, forestry, right-of-way and non-crop uses. Not for aquatic use.

Shake before use. Do not add water to full Drift Control container. Add wettable powder and liquid crop protection materials before adding Drift Control into the mixing tank. Be sure agitator or pump is running when adding Drift Control and continue agitation for 2 or 3 minutes before applying the spray. If additional surfactants or spray adjuvants are used, they should be added last.

PRECAUTIONS
Some wettable powders are incompatible with Drift Control. Before mixing large batches, test compatibility.

Cleaning of Equipment: Rinse the spray equipment with detergent, water solution rinse following use. Follow recommended procedures for disposal of pesticide solution. Drift Control will control but not totally eliminate drift. Care should be used in handling pesticides. Follow recommendation on the label.

Recommended Use Rates:

<table>
<thead>
<tr>
<th>Spray Pressure</th>
<th>Nozzle Type and Orientation</th>
<th>Drift Control Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>GROUND APPLICATION</td>
<td>Flooding, fan, cone-hollow or solid</td>
<td>3 - 4 pints per 100 gal spray solution</td>
</tr>
<tr>
<td>Up to 45 psi</td>
<td></td>
<td></td>
</tr>
<tr>
<td>AERIAL APPLICATION</td>
<td>Fan, cone-hollow or solid straight back</td>
<td>4 - 8 pints per 100 gal spray solution</td>
</tr>
<tr>
<td>Up to 45 psi</td>
<td></td>
<td></td>
</tr>
<tr>
<td>NON-CROP LAND:</td>
<td>Hand gun with cone or variable 4.8 - 18 pints per 100 gal spray solution</td>
<td></td>
</tr>
<tr>
<td>Up to 50 psi</td>
<td>type nozzles</td>
<td></td>
</tr>
</tbody>
</table>

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to tidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STORAGE AND DISPOSAL

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling contaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC website at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.
