This product is a ready-to-use, non-abrasive disinfectant cleaner and deodorant designed for general cleaning, disinfecting and controlling mold and mildew on hard, non-porous inanimate surfaces. Quickly removes dirt, grime, mold, mildew and other common soils found in hospitals, nursing homes, schools and colleges, medical offices, funeral homes, veterinary clinics, pet shops, hotels, motels, public restrooms, and restaurants. Use it on all hard, non-porous inanimate surfaces.

Use daily on the following hard, non-porous inanimate surfaces: vinyl, painted surfaces, plastic, glazed ceramic, glazed porcelain, chrome, laminated surfaces and baked enamel surfaces associated with walls, ceilings, tables, chairs, countertops, kitchen areas, telephones, fixtures, glazed tile, sinks, shower rooms and locker room areas — any washable surface where disinfection is required. A potable water rinse is required for all food contact surfaces. This product must not be used to clean the following surfaces: utensils, glassware and dishes.

This product is highly effective against a wide variety of pathogenic microorganisms including bacteria, antibiotic resistant bacteria, viruses, fungi, mold and mildew. Using the Germicidal Spray Test Method under GLPs, 10% organic soil load and a 5 minute contact time, unless otherwise noted, this product kills the following on hard non-porous inanimate surfaces: Pseudomonas aeruginosa, ATCC 15442, Staphylococcus aureus, ATCC 6538, Salmonella enterica, ATCC 10708, Escherichia coli, ATCC 11229, Staphylococcus aureus, ATCC 33592 (Resistant to Methicillin (MRSA), Gentamicin (GMSA). See reference sheet for a complete list of organisms and additional directions for use.

This product can be applied by cloth, sponge, paper towel or hand pump trigger sprayer. Change cloth, sponges or towels frequently to avoid redeposition of soil.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For Use as a Cleaner and/or Deodorizer:
Hold bottle upright. Spray evenly over surface to be cleaned. Wipe with clean cloth, sponge or paper towel. For heavily soiled areas or stubborn spots, let solution stay on the surface longer before wiping.

For Use as a Cleaner/Disinfectant:
Spray evenly over surface. Be sure to wet all surfaces thoroughly. Let this product remain on surface for five (5) minutes. Wipe with clean cloth, sponge or paper towel. For heavily soiled areas, thoroughly clean surface prior to disinfecting. When disinfecting food contact surfaces such as kitchen counters and tables used for food preparation, cutting boards, appliances and sinks, then thoroughly rinse surfaces with potable water. This product must not be used to clean the following surfaces: utensils, glassware and dishes.

To Sanitize Non-Food Contact Surfaces:
Pre-clean soiled hard non-porous surfaces. Apply this product until thoroughly wet. Let stand 30 seconds. Then wipe. Not for use on food contact surfaces or on food preparation areas.

To Control Mold and Mildew:
Apply this product to pre-cleaned hard, non-porous inanimate surfaces. Allow to air dry. Repeat application weekly or when growth reappears.

To Kill Fungi:
Pre-clean heavily soiled areas. Apply this product to hard, non-porous inanimate surfaces. Allow to remain wet for ten (10) minutes. Wipe surfaces.

*Kills HIV-1 in one minute on pre-cleaned inanimate surfaces/objects previously soiled with blood/body fluids in health care settings (Hospitals, Nursing Homes) and other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:

Personal Protection: Disposable latex or vinyl gloves, gowns, face masks, and eye coverings as appropriate, must be worn during all cleaning of body fluids, blood and decontamination procedures.

Cleaning Procedures: Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

Contact Time: Allow surface to remain wet for 1 minute to kill HIV-1. Allow 5 minutes to kill all other organisms cited on the label and 10 minutes for Trichophyton mentagrophytes.

Disposal of Infectious Materials: Blood and other body fluids must be autoclaved and disposed of according to Federal, State, and local regulations for infectious waste disposal.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE:
Store in a dry place no lower in temperature than 50°F or higher than 120°F.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinse into application equipment or a mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer container for recycling, if available.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID
IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IN CASE OF EMERGENCY, CALL A POISON CONTROL CENTER OR DOCTOR FOR TREATMENT ADVICE.
