FIRST AID

IF SWALLOWED: • Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: • Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: • Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for further treatment advice.

IF INHALED: • Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if large areas, such as wall voids, softfit and subcabinet voids in new and existing construction, dusts, moldings, and dusts being handled, and in other areas. Repeat as needed to control fleas in these areas. For control of fleas on pets use an EPA approved product for such use on pets.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container in a dry, cool, secured area out of reach of children and pets. Do not contaminate water, foodstuffs, feed, or seed by storage or disposal.

PRODUCT DISPOSAL: As a responsible environmental practice, where possible, it is recommended that all of the contents of the container be used, carefully following label directions and precautions.

CONTAINER DISPOSAL: Non-refillable container. If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

SPILL: In case of spill, sweep up and dispose of material according to IF PARTLY FILLED directions listed above.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product may be used in homes, restaurants, and other food and food handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, retail buildings, new construction, industrial plants, theaters, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, and offices.

FOR HOMEOWNER USE

USE RESTRICTIONS: Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. Do not treat with this product. Avoid contamination of ornamental plants.

APPLICATION DIRECTIONS: To control cockroaches, ants and silverfish, apply liberally around areas behind refrigerators, stoves, sinks, dishwashers, washing machine and dryer, nuts, and in other areas. Place on floors and in cracks and crevices along baseboards and corners of cabinets, cupboards, and closets. Remove all lower drawers, kitchen and bathroom cabinets, dresser drawers and chests of drawers, then scatter liberally in drawer wells. Any powder visible after application must be brushed into cracks and crevices or removed. Reapply as necessary.

DIRECTIONS FOR USE CONTINUED

AS AN AID IN CONTROL OF FLEAS

This product will control fleas when dusted over flooring (cement, wooden, tile, linoleum, etc.), along baseboards and in household areas (excluding carpeting, rugs and upholstery) where fleas have become a problem. Apply only when children and pets do not have access to treatment areas during application. Close off the treated areas for as long as possible. Do not allow children or pet reentry into treatment areas until all visible dust is swept into cracks and crevices or removed. After flea control is accomplished thoroughly vacuum the area. Treat floor and other areas and pets outside. Repeat as needed to control fleas in these areas. For control of fleas on pets use an EPA approved product for such use on pets.

FOR COMMERCIAL USE

NON-EDIBLE PRODUCT AREAS ONLY

USE RESTRICTIONS: Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants, or other areas where food is commercially prepared or produced. Do not use in areas where food is exposed.

DIRECTIONS FOR APPLYING IN NEW AND EXISTING CONSTRUCTION TO CONTROL COCKROACHES: When treating lots or new construction, dusts, moldings, and dusts being handled, and in other areas. Repeat as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Avoid contamination of feed and foodstuffs.

FOOD HANDLING ESTABLISHMENTS

Places other than private residences in which food or feed is held, prepared, or served.

1. FOOD AREAS (INCLUDING SOME SERVING AREAS)

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible, water storage and enclosed processing systems (mills, dairies, edible oils, syrups).

2. NON FOOD AREAS

Includes garbage rooms, laundries, floor drains to sewer, entries and vestibules, offices, locker rooms, machines, bowls, toilet rooms, garages, mop closets and storage (after canning or bottling).

NONFOOD SERVING AREAS

SERVING AREAS are areas where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered NONFOOD AREAS when food is not exposed and the facility is not in operation for these areas follow the application directions in this section.

If food is not exposed and facility is not in operation, follow application directions under NONFOOD SERVING AREAS above.

OTHER NONFOOD AREAS

Application Directions: Apply to baseboards around, around walls, bases, cabinets, and in similar areas where insects hide or through which they play-into.
