Release LC PLANT GROWTH REGULATOR SOLUTION

Active Ingredient: Gibberellic Acid 96.0% w/w Other Ingredients: 4.0% w/w

Total: 100.0% w/w

Release Liquid contains approximately 1.0 gram active ingredient per fluid ounce of formulated product.

KEEP OUT OF REACH OF CHILDREN
WARNING – AVISO

If you do not understand the label, find someone to explain to you in detail. (EPA Reg. No. 73049-42 EPA EtNo. 33784-b-001)

User Safety Recommendations

Users should:

- Wear protective eyewear (goggles or face shield).
- Wash the outside of gloves before removing as soon as possible, wash thoroughly and change into clean clothing.
- Keep out of reach of children.
- User assumes all risks of use, storage or handling in strict accordance with accompanying directions.

Environmental Hazards

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

Physical or Chemical Hazards

Do not apply this product through any type of irrigation system.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers of farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about Personal Protective Equipment (PPE), and Restricted Entry Intervals. The statements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do enter or allow worker entry into treated areas during the Restricted Entry Interval (REI) of 4 hours. Exceptions: After treated seed is planted, the Worker Protection Standard, under certain circumstances, allows workers to enter the planted area if there will be no contact with anything that has been treated.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water in:

- Coveralls
- Chemical-resistant gloves, such as barrier laminate or butyl rubber or nitrile rubber or neoprene rubber or polyvinyl chloride or viton.
- Shoes plus socks.
- Protective eyewear.

Agricultural Use

Release LC is a liquid formulation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

Do not apply this product through any type of irrigation system.

Use Precautions

Do not use treated seed for food, feed or all purposes. An approved dye must be added to distinguish Release LC treated seed and prevent inadvertent use as food or feed.

COMPATIBILITY WITH OTHER CHEMICALS

Release LC is compatible with Nipss® INSIDE, METLOCK™ Fungicide and other commonly used fungicide seed treatments, standard dyes, and sticker/boosting agents. When preparing tank mixes, ensure adequate physical compatibility and mixing.

Do not tank mix Release LC with any product unless compatibility has been verified. If considering tank mixing Release LC with other products use the following compatibility jar test before mixing a whole tank:

Add water from the same water source to a clear glass or plastic jar. Add the products in correct proportions. Mix thoroughly and let stand for a minimum of 15 minutes. Separation, forming, precipitation or generation of heat are all signs of incompatibility.

Storage and Disposal

Do not contaminate water, feed or food by storage or disposal.

Pesticide Storage: Keep containers tightly closed when not in use. Keep away from heat and open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Tripple rinse container (or equivalent) promptly after emptying.
