**FIRST AID**

**In eyes**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**Hot line number**
- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-515-8819 for emergency medical treatment and/or transport emergency information. For all other information, call 1-800-227-9378.

**PRECAUTIONARY STATEMENTS**

**Hazard to Humans (and Domestic Animals)**

**CAUTION**
- Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

**Inhalation/Ingestion**
- May cause respiratory irritation. May cause drowsiness or unconsciousness. Inhalation or swallowing of large quantities of this product may result in death. Consult a physician if you have any symptoms after the product has left the body or if you suspect a serious exposure. Use only with adequate ventilation. Do not inhale the mist or use this product near or in the presence of live fish. Do not use near any live fish or aquatic animals.

**Environmental**
- Do not contaminate water when cleaning equipment or disposing of equipment washers.
- **USE**
- Do not apply this product through any type of irrigation system.

**STORAGE AND DISPOSAL**
- Do not contaminate water, food, or feed by storage or disposal.
- **Storage**
- Store in cool (50-90°F (10-32°C)), dry place.
- **Prohibited Disposal**
- Washes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal**
- Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: empty the remaining contents into application equipment, or a tile sink and drain for 10 seconds after the flow begins to stop. Fill the container to 1/4 full with water and recap. Shake for 10 seconds. Pour into an empty application container and rinse rinse. Use for later use or disposal. Use hot 10 seconds after flow begins to stop. Repeat this procedure two times with warm water to clean out container for recycling. If available or purchasing and discarding of a waste storage tank, if not, by local waste or disposal.

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**
- See side panel for First Aid and additional precautionary statements.

**APPLICATION DIRECTIONS**

**Do not apply when wind-grown favor is less than the area of label.**

**1. For control of mosquito larvae species** in the following non-crop sites.

**Stocks, Shad, and Smelt: 5-1.5 tablespoons (20-45 ml) per 400 gallons of water**

**Stagnant Water: 5-1.5 tablespoons (20-45 ml) per 400 gallons of water**

**Outflow: 5-1.5 tablespoons (20-45 ml) per 400 gallons of water**

**Water Bodies: 5-1.5 tablespoons (20-45 ml) per 400 gallons of water**

**Surface Water: 5-1.5 tablespoons (20-45 ml) per 400 gallons of water**

**KEEP OUT OF REACH OF CHILDREN**

See side panel for First Aid and additional precautionary statements.

**GROWING AND AERIAL APPLICATION**

**VectorLex® WDG may be applied using conventional ground or aerial application equipment with capabilities of water sufficient to provide uniform coverage of the target area. For application, first add the VectoLex® WDG to water to produce a final spray mixture.**

**Application equipment**

**Aircraft:**
- Use 2-4 gallon (7.5-15 L) volume per acre.
- Childproofed container and instructions for childproofing are provided.

**Surface Water:**
- Use 5-15 gallon (18.9-56.8 L) volume per acre. Use 2-4 gallon (7.5-15 L) volume per acre. Use a childproofed container and instructions for childproofing are provided.

**Ground Application:**
- Use 2-4 gallon (7.5-15 L) volume per acre."
