BOOSTER
QUICK-DISSOLVING SHOCK

ACTIVE INGREDIENT:
Sodium dichloro-s-triazinetrione dihydrate...... 99.0%
OTHER INGREDIENTS.............................................. 1.0%
TOTAL INGREDIENTS.............................................. 100.0%

KEEP OUT OF REACH OF CHILDREN
DANGER:
SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.
FIRST AID: IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-869-5555.

SWIMMING POOL SHOCK TREATMENT

This product restores water sparkle and comfort by killing harmful bacteria and algae and destroying non-filterable swimmer wastes such as perspiration and suntan oils. These wastes can cause cloudy, dull water, eye irritation and strong odors. Regular use of this product in chlorinated pools destroys bacteria and swimmer wastes, maintaining sparkling, clean, clear water.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Ensure all pool equipment is working properly. Clean or backwash filter following manufacturer's directions. Adjust pH to between 7.2-7.6. In chlorine treated pools, add stabilizer to establish a minimum stabilizer level of 30-40 ppm to reduce the degradative effects of sunlight upon the chlorine residual. Do not add stabilizer to brominated pools. Before using this product check for metals and if present, add stain and scale inhibitor to prevent staining of pool surface due to metals. When using other products as outlined in the directions for this product, always follow directions on those products.

Application Methods:

With the pool pump in operation, broadcast the product evenly into the deep end of the pool. In potentially bleachable surface pools, such as vinyl, paint, fiberglass or colored plaster, it is best the operator/owner application to ensure complete dissolving of the product's active ingredient. NEVER ALLOW DISOLVED PRODUCT TO REST IN CONTACT WITH BLEACHABLE POOL SURFACES.

In water temperatures less than 20°F, or as an alternate application procedure, pre-dissolve this product into hot water, applying evenly to the deep end of the pool. Dissolve the product in a clean plastic bucket or stirring cup, set in a clean plastic or wooden spoon, and this product in water. NEVER add water to product. NEVER add more than 1 pound of this product to less than 1 gallon of total water. Do not mix with other products unless directions otherwise state.

Product Application: For weekly application, inject in swimming pools, with the pool filter equipment in operation. For product per 20,000 gallons of water into the deep end of the pool, when the pool is not in use (preferably afternoons). Reapply after heavy rain showers or following heavy bather loads.

Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.
STORAGE AND DISPOSAL: Keep this product dry in its original unopened bag until use. For partially used bags, fold over top of bag and secure with adhesive tape. Store unopened and partially used bags in a secure location away from children. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, remove bag if possible and flood area with large amounts of water to dissolve all material before discarding this bag. Do not contaminate food or feed by storage or disposal. CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER. Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get on eyes, on skin or on clothing. Do not breathe dust or vapor. Wear goggles, face shield or safety glasses. Wash thoroughly after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT. Do not mix with other chemicals. Mix with water. Never add water to product. Always add product to large quantities of water. Use clean dry utensils. Do not add this product to any dispersing device containing remnants of any other product. Spills may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may cause a violent reaction leading to fire or explosion. In case of decomposition or contamination, do not return container. If possible, store container in open area or well ventilated area. Flood area with large volumes of water.
ENVIRONMENTAL HAZARDS: This product is toxic to land and aquatic organisms. NOTE: Buyer assumes all responsibility for safety and use in accordance with directions.
