DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL
Store in a cool, dry area. Do not transport or store below 32°F.

DISPOSAL: Do not purchase or incinerate. If Empty: Place in trash or offer for recycling if available. If Partially Filled: Call your local solid waste agency for disposal instructions.

Do not use in food/feed areas of food-handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas where food is exposed or is in preparation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held.

Non-food areas are areas such as garbage rooms, laundries, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mezzas, closets and storage (excluding canning or catering).

Do not use in rooms/areas where occupied by patients, the elderly or infirm. Do not apply to decorative items when in use.

Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter drain or irrigation systems during or after application.

SHAKE WELL BEFORE USING
Remove protective cap, hold container upright and spray a distance of 12 to 15 inches.

INDOORS

CLOSET, CABINETS, HOUSEHOLD, FRUIT FLEAS, MOSQUITOES, GNATS, WASPS, HORNETS, BEES, BLACK FLIES, BEETLES, FLIES, BOXES AND SMALL FORMICA MICE: Close all doors and windows, and direct spray upward into corner of room with a shallow sweeping motion. Spray 5-10 feet per minute. If necessary, move furniture away from walls.

FLEAS IN BUILDINGS - SPACE SPRAY: Hold can 36 inches above floor and direct spray toward floor and lower walls at a rate of 10 to 15 square feet per 10 sq. ft. making sure that all floor, sofa and chair surfaces are contacted. Leave room and keep area closed for 15 minutes. Open and ventilate before re-entering. Sweep up and discard fallen insects.

Repeat treatment as necessary.

COCKROACHES, WATERBUGS, PALMETTO BUGS, SILVERFISH, FLEAS, CRICKETS, SCorpIONS, SPIRUS, MILLIPDEDS, CRICKETS, SNOWFLY AND PILLBUGS: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. Repeat treatment as necessary.

ANTI-S, Spray can, spray, and spread the spray, spraying on area possible. Repeat as necessary.

INSECTICIDES, ANTS AND MILLBugs: Close doors and windows, direct spray to all parts of room especially around stored food product containers, pails and other darkened areas. Spray 7 to 10 seconds for each 100 cubic feet of space, moving toward the center. Leave room and keep area closed for 15 minutes, following treatment. Repeat application as necessary.

DUSTINGS OF CONTINUOUS FLOOR REFILL: CIGARETTE BEETLES, DRUG STORE BEETLES, SAW-TOOTHED GRAN BEETLES, RED TUSH BEETLES, RICE WEEVILS, GRAMY FLEA BEETLES, GRAMY MITES, PESTS IN EXPOSED ADULT AND LARVAE STAGES: Spray into.

OUTDOORS

Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm, with no wind for 5 to 10 minutes for product to take effect. Spray with wind if it is breezy.

All outdoor applications must be limited to spot or crack-and-crevice treatments only. Do not water the treated area within 30 minute of run-off. Do not make applications during rain.

FRYING INSECTS: Flies, Mosquitoes, Gnats, Small Flying Moths, Hornets, Wasps and Yellow Jackets. Allow bed to drip over area. Direct spray toward bushes or grass for at least 5 to 7 feet away. Give special attention to breathing areas such as garbage cans and compost piles.

MUD DAUSERS AND Wasp NESTS. Spray mist directly on insects and their nests from approximately 3 feet away. Contacted insects will fly away from fog. Applications should be made in late evening when insects are at rest. Spray into hiding and breeding places contacting as many insects as possible.

CRAWLING INSECTS: Ants, Cockroaches, including Asian Cockroaches, Centipedes, Silverfish. Spray insect surface of patio or porch area, hitting as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray all hills for best control.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

CAUTION

Harmful if inhaled. Avoid breathing vapor or spray mist. Use with good ventilation, preferably, in the open. Do not breathe the spray mist. Keep out of reach of children. Do not inhale the spray mist.

PRECAUTIONS: Wearing eye protection, gloves, and a mask to mouth. Get medical attention. In case of medical emergencies, call (888) 450-4651

ENVIROMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

Physical or Chemical Hazards

Contains under pressure. Do not use or store near heat or flame. Do not store or dispose of in flammable containers. Do not incinerate or dispose of in or on electrical equipment due to the possibility of shock hazard.

IMPORTANT: READ BEFORE USE

By using this product, user or buyer accepts the following conditions:

CONDITIONS: The directions for use of the product are delivered to be adequate for use and should be followed carefully. However, because of manner of use and other factors beyond the control, it is impossible for Lawson Products, Inc. to assume all risks associated with the use of this product.
