DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. H2Orange2, ONE, when used as directed as a sanitizer, kills 99.9% of the following bacteria in 5 minutes: **Staphylococcus aureus, Salmonella choleraesuis, Klebsiella pneumoniae, Pseudomonas aeruginosa, Streptococcus faecalis, and Escherichia coli. When used as a virucide, H2Orange2, ONE kills the following viruses in 5 minutes at room temperature (20±1°C): **Influenza A, Japan. When used as a fungicide, H2Orange2, ONE kills Trichophyton mentagrophytes (Athlete's Foot Fungus) in 5 minutes.

For General Household Cleaning: Hold 6 to 8 inches from surface, spray soiled surface and scrub or wipe with dry paper towel or lint-less cloth. No rinse is required. For heavy soils and stain removal let sit a few minutes before scrubbing. Removes food grease and stains, finger print, soap scum, pencil/crayon marks and general household soils. Use additional solution as needed to complete cleaning. Use on any household surface that is water safe. On delicate fabrics test a small area before cleaning. Renovation Cleaning: Spray surface, let sit for 5 to 10 minutes, then scrub or wipe clean. Rinse released soils with clean water. To clean Mold & Mildew Stains: Apply liberally, let sit 5 minutes, then, scrub or wipe clean. To use as a Sanitizer, Fungicide & Virucide in bathrooms: Use H2Orange2, ONE for sinks, faucets, counters, urinals (non-water covered surfaces), toilets (non-water covered surfaces) and all hard contact surfaces as well as walls, stalls and floors where urine and soils build up. Follow instructions for inanimate, hard, non-porous surfaces. Allow surface to remain wet for 5 minutes, then, either allow to air dry or wipe dry to remove excess liquid. Heavily soiled surfaces should be pre-cleaned with the same solution.

To use as a Sanitizer, Fungicide & Virucide on inanimate, hard, non-porous surfaces: Apply the H2Orange2, ONE solution liberally to pre-cleaned hard surfaces with a spray bottle, pump spray or using a cloth, sponge or mop. Allow surface to remain wet for 5 minutes, then, either allow to air dry or wipe dry to remove excess liquid. Heavily soiled surfaces should be pre-cleaned with the same solution.

Deodorizing: For general deodorizing, use H2Orange2, ONE as directed. Apply liberally to hard, non-porous surfaces to eliminate generally offensive odors. Apply to hard, non-porous surface thoroughly soaking for up to 10 minutes to eliminate odors due to spillage from medical dressings, and other spills such as urine or fecal matter, smoke or soot deposits, industrial plant processes, and more, to eliminate odors from bathrooms, kitchens, garbage containers, sickrooms and surfaces in musty closets.
