**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewer treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

MERGAL®BCM is an antifungal preservative for the control of fungi growing on paints, coatings, plasters, sealants, and fillers used for architectural products, finishes and special purpose coatings which are exposed to warm, moist and humid conditions favoring microbial growth.

Typically MERGAL®BCM should be added at the beginning of the formulation process while mixing of the final product (paint, plaster, etc.) to assure uniform distribution of the MERGAL®BCM.

**PAINTS AND COATING MATERIALS AND FINISHES (0.1-0.5%):** Add 1.5 lbs. (0.68-2.5 kg) of MERGAL®BCM to each 1000 lbs. (453 kg) of paint. Use higher addition rate within the above listed and registered range in warm, moist and humid conditions where microbial growth is favored.

**PLASTERS, STUCOS AND SPECIAL PURPOSE COATINGS (0.02-1.0%):** Add 0.2-10 lbs. (0.09-4.5 kg) of MERGAL®BCM to each 1000 lbs. (453 kg) of plaster. Use higher addition rate within the above listed and registered range in warm, moist and humid conditions where microbial growth is favored.

**SEALANTS, CAULKS, Fillers, and Architectural Products (0.025-1.5%):** Add 0.25-15 lbs. (0.11-6.8 kg) of MERGAL®BCM to each 1000 lbs. (453 kg) of sealant or filler. Use higher addition rate within the above listed and registered range in warm, moist and humid conditions where microbial growth is favored.

---

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store unused product in original container only in a cool, dry area out of reach of children or animals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of in an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) then dispose of in a sanitary landfill or by other approved state and local procedures.
