HOT LINE NUMBER
In case of emergency, call your local poison control center or a doctor. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact CHEM-TEL at 1-800-255-3924 for emergency medical treatment.

NOTE TO PHYSICIAN
Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

16 FL.OZ. 1 PINT (0.473 LITERS)

E. P. A. Reg. No: 211-25-8296
E. P. A. Est. No: 08296-MN-001
PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing (long-sleeve shirt and long pants, socks, plus shoes and chemical resistant gloves such as water proof gloves). Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Handlers must wear: Coveralls over long sleeved shirt and long pants; socks and chemical resistant shoes; goggles or face shield and chemical resistant gloves (such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, polyvinyl chloride, or viton). Follow manufacturer’s instructions for cleaning/maintaining Personal Protective Equipment (PPE). If no such instructions exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY REQUIREMENTS
Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove PPE immediately after handling this product. Wash the outside of the gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CLEANING AND DISINFECTION
Formulated for effective hair salon instrument sanitation.
Mar-V-Cide II Germicidal Cleaner is effective for immersion disinfection of hard, non-porous, inanimate surfaces. Use at a dilution of 1:256 (one-half ounce per gallon of water).
DISINFECTION: Thoroughly clean and rinse instruments before immersion in disinfection solution. Immerse instruments completely for 10 minutes at room temperature (20°C/68°F). After immersion, remove instruments and rinse them thoroughly. Fresh solution should be prepared daily or more often if solution becomes visibly dirty.
Mar-V-Cide II Germicidal Cleaner is recommended for use on nippers, brushes, combs, rollers, tweezers, razors, clipper blades, manicure, pedicure, and other implements commonly found in salons, including most plastics. When used as directed, this product is formulated to inhibit the development of rust on stainless steel instruments.
CONFIRMATION: When tested with full immersion at room temperature for 10 minutes in a solution created as above, Mar-V-Cide II Germicidal Cleaner was confirmed effective against Mycobacterium tuberculosis, Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella choleraesuis and Trichophyton mentagrophytes. Mar-V-Cide II Germicidal Cleaner is a dilutable germicidal detergent formulated to clean, disinfect, and deodorize any washable, inanimate, non-porous instrument or surface in one easy step. When used as directed, it is strong enough to kill a broad spectrum of pathogenic bacteria, yet mild enough to have no harmful effects on the surface being disinfected. Mar-V-Cide II Germicidal Cleaner inhibits mold and mildew, and has a pleasant lavender fragrance.

EFFICACY PERFORMANCE

This broad spectrum efficacy of Mar-V-Cide II Germicidal Cleaner has been confirmed using A.O.A.C. protocol testing at a use-dilution of 1:256 in the presence of 5% blood serum (used to simulate organic soil load), at 20°C with an exposure time of 10 minutes.

GERMICIDAL: Mar-V-Cide II Germicidal Cleaner is effective against a broad spectrum of Gram positive and Gram negative pathogens as confirmed against Salmonella choleraesuis, Staphylococcus aureus and Pseudomonas aeruginosa by the A.O.A.C. Use-Dilution test, in the presence of 5% organic soil load at 20°C with an exposure time of 10 minutes.

FUNGICIDAL: At one-half ounce per gallon of water, Mar-V-Cide II Germicidal Cleaner is effective against Trichophyton mentagrophytes (the athlete’s foot fungus), in use areas such as shower room floors, locker room benches, bathmats, or any other hard, non-porous, inanimate environmental surfaces. At one-half ounce per gallon of water, Mar-V-Cide II Germicidal Cleaner is effective against Candida albicans.

TUBERCULOCIDAL: Mar-V-Cide II Germicidal Cleaner is effective against Mycobacterium bovis (BCG) as demonstrated through testing using the A.O.A.C. Method “Confirmative In Vitro Test for Determining Tuberculocidal Activity” in 10 minutes at 20°C.

VIRUCIDAL: *KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type-1 (HIV-1) (associated with AIDS).
SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: Clean-up should always be done wearing protective latex gloves, gowns, masks, and eye protection.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant.

CONTACT TIME: Leave surface wet for 10 minutes with a one-half ounce per gallon use-dilution (1:256), Mar-V-Cide II Germicidal Cleaner and water.

DISPOSAL OF INFECTIOUS MATERIALS: Blood, body fluids, cleaning materials, and clothing should be autoclaved and disposed of according to local regulations for infectious waste disposal.

PELIGRO: Si no puede leer en ingles, pregunte a su supervisor sobre las instrucciones de uso apropiadas antes de trabajar con este producto.

This product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly in the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

PHYSICAL AND CHEMICAL HAZARDS

Combustible. Do not use or store the product near heat or open flame.

STORAGE AND DISPOSAL

PESTICIDE STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in securely closed original container. Avoid storage at temperature extremes, or in sunlight.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Replace cap and discard container in trash.
