FIRST AID

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.
If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

Have the Product container or label with you when calling a Poison Control Center or Doctor, or going for treatment.

Precautionary Statements
Causes eye irritation. Do not get in eyes. Wear protective eyewear when handling. Avoid breathing vapors. Harmful if swallowed. Avoid contact with skin. When handling wear coveralls over short-sleeved shirt, short pants, socks, chemical-resistant shoes and chemical-resistant gloves.

Note: Read and follow all label directions and cautions on all products used.

GENERAL INFORMATION
TRANSFIX® is a excellent sticking agent intended for use with most crop protection products in which the label permits the use of a spreader sticker. TRANSFIX® is compatible in spray solutions with most commercial crop protection and foliar feed micronutrients. A thin coating of TRANSFIX® solution bonds the pesticide to the crop foliage. This decreases the risk of residue erosion from rainfall or irrigation.

DIRECTIONS FOR USE
For Terrestrial Use Only - Not For Aquatic Use
Add TRANSFIX® to the spray tank as it is filling, with the agitator running. Performance is dependent upon environmental conditions. TRANSFIX® should be applied at least one hour before an expected rainfall. Sunlight during this time frame is also necessary for better adherence of the bond.

STORAGE AND DISPOSAL
Storage: Store in a cool, dry place. Keep in original container tightly closed. Store above 40°F. Do not store near heat or open flame.

Container Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC webpage at www.acrecycle.org.

Decontaminated containers may also be disposed of in a sanitary landfill.

Note: Keep out of lakes, ponds or streams. Do not contaminate water sources by run-off from cleaning of equipment, disposal of rinse waters or spray mixtures.

NOTICE OF WARRANTY
Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
