GENERAL RECOMMENDATIONS

BupHer Mg maintains the effectiveness of certain alkali sensitive pesticides by preventing pH hydrolysis. BupHer Mg may be applied by air, concentrate sprayer, or conventional ground rig.

DIRECTIONS FOR USE: To offset the degradation effect of alkaline water on certain pesticides use 4 fluid oz. to 16 fluid oz. of BupHer Mg per 100 gallons of spray solution. The higher the rate added, the greater the reduction of the spray solution pH. Excessive buffering of a spray solution that contains a combination of wettable powders or liquids may cause phytotoxicity to certain fruits and vegetables. Please contact GENESIS AGR-PRODUCTS, Inc. for the recommended spray solution pH.

COMPATIBILITY: BupHer Mg is compatible with most organophosphate, carbamate pesticides and with most foliar nutrients. Not recommended for use with Basic Copper, Cupric Hydroxide or other Copper compounds.

NOTE: This product contains Zinc and should be used only as recommended. It may prove harmful if misused.

NOTE: This product is intended for use with pesticides that are labeled for agricultural, forestry, right-of-way and non-crop land uses. Not for aquatic use.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intermittent areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

PRECAUTIONARY STATEMENTS
FOR PROFESSIONAL USE OR INDUSTRIAL USE ONLY
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS.

- Corrosive. Causes irreversible eye damage and skin burns.
- Wear protective eyewear (goggles or face shield) and chemical resistant gloves.
- Harmful if swallowed, inhaled or absorbed through the skin.
- Do not get into eyes on skin, or on clothing.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco.

IF IN EYES: Hold eye open and rinse slowly with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Storage at temperatures of 40°F or below may cause formation of precipitate which is difficult to redissolve. Do not store at cold temperatures.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC webpage at www.agrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

WARRANTY: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of the product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use. These risks include, but are not limited to damage to property, damage caused by drift to other plants or crops, and personal injury.
