CROP WASH / WETTING AGENT

PRINCIPAL FUNCTIONING AGENTS

- Sodium dioctyl sulfosuccinate ........................................... 75%
- Constituents ineffective as a spray adjuvant ..................... 25%

Total ................................................................. 100%

WARNING

PRECAUTIONARY STATEMENTS

Causes substantial but temporary eye injury. Causes skin irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Wear protective eyewear (goggles or face shield) and chemical resistant gloves. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

PPE: Personal Protective Equipment: Wear protective eyewear (goggles or face shield), chemical-resistant gloves, coveralls worn over long-sleeved shirt and long pants, and chemical-resistant footwear plus socks.

First Aid:

- If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present; after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

General Information

- TREE & VINE WASH is a superior surface tension depressant specifically designed for washing agricultural crops both pre and post harvest. This product is recommended for washing all crops for the removal of insect honeydew, dirt and other debris. TREE & VINE WASH is also recommended for use with herbicides, fungicides, insecticides and defoliants where fast spreading and uniform distribution of spray materials is desired. This product is not for aquatic use.

Directions For Use As A Crop Wash

PEARS PRE-HARVEST: Apply 1 ounce to 1 1/2 ounces per 100 gallons of water at the rate of 80 to 100 gallons of water per acre.

PEARS POST-HARVEST: Apply 10 ounces to 12 ounces per 100 gallons of water at the rate of 400 to 600 gallons of water per acre.

OTHER CROPS: Apply from 3 ounces to 16 ounces per 100 gallons of water at the rate of 100 to 600 gallons of water per acre. Consult your Genesis Agri-Product, Inc. dealer or consultant for rates.

NOTE: Enough spray solution MUST be applied to the tree to COMPLETELY remove the insect honeydew form the leaves. Do not apply when temperatures are expected to be above 95 degrees Fahrenheit within 48 hours of an application or when trees are under environmental stress.

Directions For Use As a Wetting Agent

HERBICIDES, FUNGICIDES, INSECTICIDES AND DEFOLIANTS: Use 2 to 8 fluid ounces per 100 gallons of water. Consult your Genesis Agri-Products, Inc. dealer or consultant for rates on specific crops.

Environmental Hazards

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

Storage and Disposal

Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place and avoid excess heat. Carefully open containers. After partial use, replace lids and close tightly. Do not put concentrated or diluted material into food or drink containers. Do not contaminate other pesticides, fertilizers, water, food or feed by storage of disposal. In case of spill, avoid contact isolate area and keep out animals and unprotected person. Confront spills. Call: CHEMTREC (800) 424-9300. To confront spill: If liquid, dilute surrounding area and absorb with sand, cat litter of commercial clay. If dry material, cover to prevent dispersal. Place damaged package in a holding container. Identify contents. Wastes resulting from the use of this product may be disposed of, on site at an approval waste disposal facility.

Combustible: Do not use or store near heat or open flame.

Container Disposal: Store in original container only. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Triple rinse or equivalent of mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness for a particular purpose, expressed or implied, extends to the use, storage or handling of the product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
