Professional LYSOL® Brand Disinfectant Heavy Duty Bathroom Cleaner is a one step disinfectant cleaner that kills Staphylococcus aureus and Streptococcus pyogenes, Trichophyton mentagrophytes (Athlete's Foot Fungus), and inhibits the growth of mold and mildew and the odors they cause on hard non-porous environmental surfaces. Its deep cleaning action penetrates tough soils including body oils and soap scum, yet it contains no harsh abrasives. The non-acidic formula removes even stubborn bathtub rings and leaves a clean, fresh scent.

Professional LYSOL® Brand Disinfectant Heavy Duty Bathroom Cleaner has been formulated to thoroughly clean, disinfect and deodorize tub & shower areas and other hard non-porous surfaces in hotels, motels, hospitals, nursing homes, clinics, health clubs, resorts, cruise ships, day care centers, dental offices and other health care facilities, including:
- glazed ceramic bathroom tile
- sinks + toilet bowls and surfaces
- garbage cans + bathtubs
- shower stalls + chrome and clear acrylic plastic fixtures
- porcelain + glazed ceramic tile floors

This product is not recommended for use on polished marble. For other hard inanimate surfaces, spot test in an inconspicuous area.

Kills the following germs/microorganisms:

**Bacteria**
- Salmonella paratyphi
- Salmonella cholerasuis
- Salmonella typhi
- Salmonella schottmuelleri
- Shigella dysenteriae
- Brevibacterium ammoniagenes
- Enterobacter aerogenes
- Escherichia coli 0157: H7
- Proteus vulgaris
- Neisseria elongata
- Staphylococcus aureus

**Fungi**
- Klebsiella pneumoniae
- Serratia marcescens
- Enterococcus faecalis
- Streptococcus salivarius
- Streptococcus pyogenes
- Corynebacterium diphtheriae
- Proteus mirabilis
- Pseudomonas aeruginosa
- Azotobacter calcoaceticus
- Staphylococcus aureus (methicillin resistant)

**Viruses**
- Herpes Simplex Type 1
- Influenza A2 (Japan)
- HIV-1 (AIDS Virus)
- Rotavirus
- Respiratory Syncytial Virus

**For Pseudomonas activity (for hospital and other health care facilities) dilute 1:8.**

For General Cleaning: Light Soil: Use a 1:32 solution for routine maintenance when heavy soil build-up is not a problem. Medium Soil: Use solution of 1:8 to 1:16 for areas of moderate soil. Tough Soil Build-up: For stubborn soil or heavy build-up, such as soap scum and body oils on bathtubs or shower walls, a solution of 1:4 is recommended.

For General Disinfection: Remove heavy soil and grime prior to disinfection, as per General Cleaning instructions. For broad spectrum disinfection, dilute 1:32 in water (1/2 cup per gallon), apply with cloth or sponge and thoroughly wet surface for 10 minutes, then remove excess.** For Pseudomonal activity (for hospital and other health care facilities) dilute 1:8.

To Control Mold and Mildew: Clean surfaces first. Using a 1:32 dilution wet surfaces; let stand 10 minutes, then remove excess. Repeat application weekly when needed.

For Cleaning and Disinfecting Toilet Bowls: Prior to disinfection, remove all heavy soil and flush toilet. Add 4 oz. of product full strength into the bowl water (1:25 dilution). Thoroughly swab all bowl surfaces and under the rim. Let stand 10 minutes and then flush.

**FIRST AID**

- **If in eyes**: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- **If on skin or clothing**: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.
- **If swallowed**: Do not induce vomiting unless told to do so by the Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

**HOT LINE NUMBER**

References? Comments or questions in case of an emergency call toll free 1-800-667-9210. Have the product container or label with you when calling a Poison Control Center or doctor or notifying your fire department.

**NOTE TO PHYSICIAN**

Probable mucosal damage may contraindicate the use of gastric lavage.

**STORAGE/SPILL**

1. Do not contaminate water, food, or feed by spillage or leakage.
2. Pesticide storage: Store in original container in a secure, inaccessible to children, out of reach of stock.

**PESTICIDE DISPOSAL**

All pesticide residues are subject to state registration requirements. Pursuant disposal of excess pesticide, contact your State Environmental Agency or the U.S. Environmental Protection Agency. Your name will, if requested, quote the amount of pesticide disposed of. If a hazardous waste, you may be subject to Federal laws.

**CONTAINER DISPOSAL**

1. Do not incinerate. Follow NFPA guidelines for waste. 
2. Container may contain hazardous materials. Do not place within 5 miles of a water body or storm drain.
