1st Aid

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-664-8491 for emergency medical treatment information.

If you experience signs and symptoms such as nausea, abdominal pain, tightness in chest, or weakness, see a physician immediately. For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions, use instructions and use precautions.

USE RESTRICTIONS:

This product may only be applied against the pests listed on the label at the use rates listed on the label, and by the application methods listed on the label.

The product may only be used to control pocket gophers and moles* in manual, below-ground applications in lawns.

A boil orหนอง gopher control center or doctor for further treatment advice.

USE RESTRICTIONS:

This product may only be used against the pests listed on the label at the use rates listed on the label, and by the application methods listed on the label.

The product may only be used to control pocket gophers and moles* in manual, below-ground applications in lawns.

A boil or trouble gopher control center or doctor for further treatment advice.

If in eyes:

Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes. Then, continue rinsing eye. Call a poison control center or doctor for further treatment advice.

If inhaled:

Make person to fresh air.

If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

Call a poison control center or doctor for further treatment advice.

TREATMENT FOR POISONING

If animal eats bait, call veterinarian at once.

NOTE TO PHYSICIAN OR VETERINARIAN

Contains the phosphate-producing active, Zinc Phosphate. Probable narcotic damage may contaminate the use of gastric lavage. For animals ingesting bait and/or showing poisoning signs, induce vomiting by using hydrogen peroxide. Sodium bicarbonate can be given orally to neutralize the stomach acidity. The stomach and intestinal tract can be evacuated, oxygen administered and suction and peritoneal stimulation given.

PRESERVATION STATEMENTS

HARMFUL TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Harmful if absorbed through the skin. Avoid contact with eyes. Avoid breathing dust. Wear long-sleeved shirt and long pants, shoes plus socks and waterproof gloves. Wash hands thoroughly with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before use. Anyone who inhales or comes into contact with dust from the product must wash their skin with soap and water. Use only as labeled.

ENVIRONMENTAL HAZARDS

This product is essentially toxic to birds, fish and other wildlife. Wildlife feeding on treated bait may be killed. Dogs, cats, and other predators and scavenging mammals and birds may be poisoned if they feed upon animals that have eaten the bait. Do not apply directly to water.

STORAGE AND DISPOSAL

STORAGE: Store in original container in a dry stable inaccessible to children and pets.

Disposal: Non-hazardous container. Do not reuse or refill this container. Dispose: Place in trash or call your local waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

DISCLAIMER: To the extent consistent with applicable law, neither the seller makes any warranty expressed or implied concerning the use of this product other than as indicated on the label. To the extent consistent with applicable law, the buyer assumes all risk of use and/or handling of this product. In the event that any material in this manual or supplement is inaccurate or incorrect, handling is contrary to label instructions.
