### Ready-To-Use Sevin® 5% Dust Bug Killer

**For Homeowners (Residential Use Only)**

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product as a broadcast treatment in association with its labeling.

**General Directions**

Do not apply this product through any type of closed syringe. Spraying or applying the dust to the foliage of plants may kill beneficial insects. Always apply this product when no one is around and no harm is likely to result. Do not apply this product to foliage of edible plants. This product may contain a radioactive tracer useful in the diagnosis of disease in plants. Always apply this product when no one is around and no harm is likely to result. Do not apply this product to foliage of edible plants. This product may contain a radioactive tracer useful in the diagnosis of disease in plants.
