For Control Of Moles

MOLE GEL BAIT

CAUTION
Keep Out Of Reach Of Children

MOLE GEL BAIT

For Control Of Moles

PRECAUTIONARY STATEMENTS:
Hazards to Humans and Domestic Animals
See full label on back for details

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS. (See full label and instruction sheet for details)

CAUTION: Keep away from humans, domestic animals, and pets. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding.

NOTE TO PHYSICIAN: This product reduces the clotting ability of the blood and may cause hemorrhaging. If poisoning occurs, intramuscular or subcutaneous administration of vitamin K is recommended. For human cases, vitamin K1 is the antidote. See full label for more information or call 1-800-658-7376.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or disposal.

KEEP OUT OF REACH OF CHILDREN
CAUTION: See Back for Additional Information

STORAGE:
Net Wt. 3.0 oz. (84g)

CAUTION: Keep away from children, domestic animals and pets. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding.

NOTE TO PHYSICIAN: This product reduces the clotting ability of the blood and may cause hemorrhaging. If poisoning occurs, intramuscular or subcutaneous administration of vitamin K1 is recommended.
