DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Apply this product only for the sites, pests and application methods specified on this label.

Read this label:

Read this entire label and follow all use directions and precautions.

IMPORTANT: Do not expose children, pets or other non-target animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.

2. Follow all application directions and Use Restrictions on this label. Apply bait only in areas underground runways. Keep pets out of treated areas and inside treated areas using existing fencing, if present.

3. Dispose of product container and unused or spilled bait as specified on this label.

Use Restrictions: This product may be used only to control eastern meles (Spermophilus variegatus), whitemouth meles (Spermophilus lateralis), prairie dogs (Cynomys ludovicianus), ground squirrels (Saxicola erythra), woodchucks (Marmota monax) and other non-target species. Do not place bait on the ground surface.

Environmental Hazards:

This product is toxic to birds, fish and other wildlife. Do not apply this product directly to water. Areas near surface water must be protected from contamination. If the product is to be applied near standing water, apply it carefully and follow the instructions in the Use Restrictions section of this label. Contact Scimetrics or a local wildlife rehabilitator to determine the extent of contamination to wildlife.

Warranty:

To the extent permitted by applicable law, Manufacturer and Seller make no warranty, expressed or implied, concerning the use of this product other than as indicated on the label. Buyer assumes all risk of use and handling of this material when such use is contrary to label instructions.

NOTE TO MUSTANG ON VETERINARIAN

Contains the anticoagulant Warfarin. If swallowed, this regimen may reduce the clotting ability of the blood and cause bleeding. For humans or animals ingesting bait and/or showing symptoms of bleeding, give Vitamin K1.

TREATMENT FOR PET POISONING

If animal eats bait, call veterinarian or 1-800-222-1222.

Enzymes:
