DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SAPSTAIN CONTROL

For control of mold and fungus on green or freshly cut lumber, this product may be combined with other Contechem Sapstain Control products to give a concentration of 0.050-0.20% of Propiconazole in the end-use treating solution. It may be used in dip or spray applications. For specific recommendations and technical service, contact Contechem at 877-203-3021.

For best results, green wood should be treated immediately, at least within twenty-four hours after cutting or sawing. Mold and fungus growth begins immediately after cutting so delayed treatment is much less effective and requires increased chemical concentration. Green, untreated lumber should not be used for sticking.

Freshly treated lumber should not be allowed to remain unprotected in heavy rains. Dip tanks and drip aprons must be roofed, paved and drained to prevent dilution and loss of the anti-stain solution.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash outside of gloves before removing. As soon as possible, wash thoroughly and put on clean clothing.

PESTICIDE STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container in a cool dry place.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide spray mixture or rinsates is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill container.

Plastic Containers: Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling, if available, or reconditioning, if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Metal Containers: Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling, if available, or reconditioning, if appropriate or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

DOT Proper Shipping Name: Not DOT regulated.

NET CONTENTS: 55 US GALLONS

SAPSTAIN CONTROL

CONCENTRATE

For use in combination with other Contechem Sapstain Control Products to enhance performance under adverse conditions of lumber storage or shipment.

ACTIVE INGREDIENT:

PROPICONAZOLE: 1-(2-(2,4-dichlorophenyl)-4-propyl-1,3-dioxolan-2-y)methyl]-1H-1,2,3 triazole 40.0% INERT INGREDIENT: 60.0%

TOTAL: 100%

CAUTION

Keep out of reach of children

PRECAUTIONARY STATEMENTS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

See side panel for additional precautionary and first aid information.

FIRST AID

IF SWALLOWED • Call a poison control center or doctor immediately for treatment advice.

• Have person sip a glass of water if able to swallow.

• Do not induce vomiting unless told by a Poison Control Center or doctor.

• Do not give anything by mouth to an unconscious person.

• Take off contaminated clothing.

• Rinse skin immediately with plenty of water for 15-20 minutes.

• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING • Hold skin and rinse slowly and gently with water for 15-20 minutes.

• Remove contact lenses, if present, after the first 5 minutes, then continuous rinsing eye.

• Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN

• In case of emergency call 911, Contech 24 hours, 1-800-424-9300.

• Have the product label or bottle with you when calling a poison control center or doctor, or going for treatment.

PERSONAL PROTECTIVE EQUIPMENT

Handlers must wear: Chemical resistant gloves (such as Nitrite, butyl, Neoprene, and/or Barrier-4 Laminated). PPE Cleaning and Maintaining Instructions: Follow manufacturer’s instructions for cleaning/maintaining Personal Protective Equipment (PPE). If no such instructions for washables use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on the label. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
