DIRECTIONS FOR USE

Silicone Defoamer 10% is intended for use with Conotech Sapstain Control products that are labeled to control mold and fungus on green and freshly cut lumber. Not for aquatic use.

To assure uniform quality, mix well before using.

Recommended Use Rates:

Defoaming – Use up to 2 fluid ounces per quart of water and apply with a sprayer to knock down foam.

Anti-foaming – Use up to 10 fluid ounces per 100 gallons of end-use treating solution.

For specific recommendations and technical service, contact Conotech Inc.

Principal Functioning Agents:
- dimethylpolysiloxane 10%
- Constituents Ineffective as Spray Adjuvants: 90%

Total 100%

CAUTION

KEEP OUT OF REACH OF CHILDREN

Avoid contact with eyes and skin. Do not swallow. Wear plastic coated or rubber gloves, face shield or safety goggles. See MSDS for additional information.
