HOW COMBAT® SOURCE KILL® WORKS: COMO FUNCIONA:

1. Ants enter bait station and leave after eating bait inside. Las hormigas entran en la estación de cebo y comen el cebo.

2. Ants carry bait back to colony and kill queen and other ants. Las hormigas llevan cebo a la colonia y matan a la reina y otras hormigas.

This product contains a totally unique insecticide ingredient which kills most ants commonly found in homes. COMBAT® bait stations are effective because ants carry bait back to where they live in the colony and all ants come in contact with the bait. It even kills ants you don't see outside of your home to prevent more ants from coming inside. This product kills the following ants which feed on sweet and greasy materials: Fire Ants, Argentine, Black, Carpenter, Formic, Pavement Ants. This product is easy to use and has no insecticide odor.
