Precautionary Statements
Causes substantial but temporary eye injury and skin irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Wear protective eyewear (goggles or face shield) and chemical resistant gloves. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Personal Protective Equipment: Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

First Aid
If swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

General Information
OSO-WET is a superior metallic, low-fuming emulsifiable-based surfactant. It is designed for the fine dispersion and uniform distribution of spray materials. OSO-WET will greatly aid the absorption of plant growth regulators and will wet surfaces.

Directions For Use
The suggested usage rates below are considered adequate for most uses. Some pesticide formulations contain surfactants and may require a lower rate of OSO-WET for adequate coverage. Always check the degree of plant wetting after the initial spray application and adjust the concentration if necessary, but do not exceed the maximum suggested rates of usage. OSO-WET is not for aquatic use.

Insecticides, Miticides, Fungicides, Herbicides, Plant Growth Regulators:

OSO-WET 1\% Use Rate per 100 Gallons of Water:
- For spray applications at the rate of less than 100 gal/acre, use 2 to 4 fl. oz.
- For spray applications at the rate of 100 gal/acre to 120 gal/acre, use 5 to 12 fl. oz.
- For spray applications at the rate of 120 gal/acre to 200 gal/acre, use 1 to 2 fl. oz.
- For spray applications at the rate of 200 gal/acre or higher, use 0 to 1 fl. oz.

Storage and Disposal
Do not contaminate water, food, or feed by storage or disposal.
Storage: Store above 32°F. Store away from heat or open flame and oxidizing materials.
Disposal: Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option for container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC website at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

Attention
This product should be used within 24 hours after being mixed with water and should not be used in a spray solution with a pH less than 5. Failure to comply with these recommendations will result in destruction of this surfactant.

Read Carefully

TEST AND CONDITIONS OF SALE: Seller warrants that the product conforms to the general description and is reasonably fit for the purposes stated on the label when used according to directions under normal conditions of use, but neither the seller nor its agents guarantee any other properties or performance of the product, expressed or implied, under any use, storage or handling conditions different from those stated on the label. The seller disclaims any and all responsibility or liability for any loss, damage, or expense of any nature, however caused, resulting directly or indirectly from the use of the product, whether or not recommended herein. The user assumes all responsibility for the proper use, storage, handling and application of the product.
