Siphotrol® Plus Fogger

Kills adult fleas and ticks

Stops hatching eggs and larvae from developing into adult fleas for 30 weeks

Leaves no lingering odor, no stains, no sticky mess

Prevents flea reinfestation and flea build-up for 30 weeks

Treats 6,000 cubic feet

**WARNING**

This product is extremely flammable. Use and store only as directed. To avoid fire or explosion, keep away from heat, sparks, and flames. Do not use or store in an oven or near an open flame. Do not permit open flames in the room during treatment. Keep all sources of ignition at least 30 feet away from the treated area.

**PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- **Harmful if inhaled:** Wash thoroughly with soap and water after using. Avoid contamination of food, foodstuffs, and food preparation areas. Leave room or house at once after activating fogger. If pet is exposed to wet surface, wash fur with soap and water.
- **Harmful if swallowed:** Do not store container in refrigerator or freezer. Do not allow food, foodstuffs, or food preparation equipment to come in contact with fog. Do not feed pets for at least 2 hours after treatment. Do not store container with food, pet food or pet treats. Wash food preparation equipment before using the following day.
- **Harmful if absorbed through the skin:** Wash thoroughly with soap and water after using. Avoid contamination of food, foodstuffs, and food preparation areas. Leave room or house at once after activating fogger. If pet is exposed to wet surface, wash fur with soap and water.

**ADVERSE REACTIONS**

- **Harmful to birds:** Wash with soap and water immediately if pet is exposed to wet surface. Wash fur with soap and water. Contact veterinarian if pets are exposed during application.

**STORAGE and DISPOSAL**

- **STORAGE:** Store in a cool, dry area away from heat or open flame. Do not puncture or incinerate empty container. Place in trash or offer for recycling if available.

- **DISPOSAL:** Call your local solid waste agency for disposal instructions.

**Active Ingredients:**

- **Siphotrol® Plus Fogger kills adult fleas, hatching flea eggs, and ticks.** PRECOR®, the ingredient in the Siphotrol® Plus Fogger, provides 30 weeks’ protection by preventing eggs from ever developing into biting fleas. This product enables you to fill an entire room with insect-killing fog while you are away. For best results, use Siphotrol® Plus Fogger together with other Vet-Kem® products for complete control of fleas and ticks.

**DIRECTIONS FOR USE**

1. Vacuum thoroughly before fogging. To ensure unobstructed flow of fogger mist, open inside doors and cabinets. Remove or cover exposed food, dishes, utensils, food preparation equipment, and surfaces. Remove pets and birds and remove or cover (and turn off) aquariums. Close outside doors and windows. TURN OFF ALL IGNITION SOURCES SUCH AS PILOT LIGHTS (SHUT OFF GAS VALVES), OTHER OPEN FLAMES, OR RUNNING ELECTRICAL APPLIANCES THAT CYCLE OFF AND ON (i.e., REFRIGERATORS, THERMOSTATS, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

2. Use one container for each 6000 cubic feet of area (a room 30’ X 25’ with it seating). DO NOT USE MORE THAN 1 FOGGER PER ROOM. DO NOT USE IN SMALL ENCLOSED SPACES SUCH AS CLOSETS, CABINETS, OR UNDER COUNTERS. DO NOT USE IN A ROOM 10’ X 10’ OR SMALLER; INSTEAD, ALLOW FOG TO ENTER FROM OTHER ROOMS.

3. Remove all motor vehicles before fogging garage.

4. Elevate fogger by placing on stand or table covered by newspaper in center of room to be fogged. Newspapers should be spread on the floor for several feet around area of mist.

5. Before activating, tilt can away from face (container sprays straight up). Press down firmly on edge of actuator tab until it locks into place.

6. After activating fogger, leave room or house at once. Keep treated area closed for at least 2 hours, then open all doors and windows and allow treated area to air for 1 hour before returning.

7. For best results, spot treat with a Vet-Kem® premium product under beds, furniture, or obstructed areas where fog mist may not penetrate.

**FIRST AID**

- **In eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. If inhaled, if present, after the first 5 minutes, then continue rinsing eye.
- **Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- **Ingested:** If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

**PRODUCT INFORMATION**

- **Physical or Chemical Hazards:** This product contains a high level of flammable liquid. It may cause eye irritation. Avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after using. Avoid contamination of food, foodstuffs, and food preparation areas. Leave room or house at once after activating fogger. If pet is exposed to wet surface, wash fur with soap and water.

**NOTES**

- **Highly Flammable Ingredient:** Highly flammable liquid.

**Physical or Chemical Hazards:** Extremely flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. THIS PRODUCT CONTAINS A HIGHLY FLAMMABLE INGREDIENT. IT MAY CAUSE A FIRE OR EXPLOSION IF NOT USED PROPERLY. FOLLOW THE DIRECTIONS FOR USE ON THIS LABEL VERY CAREFULLY.
