Gopher Bait 50

STRYCNINE TREATED GRAIN BAIT
FOR SUBSOIL APPLICATION ONLY

KEEP OUT OF REACH OF CHILDREN
DANGER

FIRST AID

If swallowed:
- Call physician or Poison Control Center immediately.
- If less than 1 (1) hour has passed since poison was taken, give 1 to 2 glasses of water and induce vomiting by touching back at throat with finger. Repeat until vomit fluid is clear.
- Have patient lie down in quiet, darkened room and keep warm and quiet.
- If a person is unconscious, do not give anything by mouth and do not induce vomiting.

If inhaled:
- Remove victim to fresh air.
- If not breathing, give artificial respiration.
- Get medical attention.

If in eyes:
- Hold eyelids open and flush with steady, gentle stream of water for 15 minutes.
- Get medical attention.

If on skin:
- Wash with plenty of soap and water.
- Get medical attention.

NOTE TO PHYSICIAN: (1) Administer 100% oxygen by positive pressure to provide as much pulmonary gas exchange as possible, despite seizure. (2) Administer ANTICONVULSANT DRUGS intravenously to control convulsions. (3) It may be difficult or impossible to stop the seizure activity without stopping respiration. Be prepared to institute positive end-expiratory pressure mechanically. Tracheotomy may be necessary if seizures are prolonged.

ACTIVE INGREDIENT:
Strychnine Alkaloid

INERT INGREDIENTS:

TOTAL:

EPA Reg. No. 53883-23
EPA Est. No. 53883-TX-002

USER SAFETY RECOMMENDATIONS

Use only when clothing immediately after handling. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not allow bait to be exposed on soil surface. Do not apply directly to water, to areas where surface water is present or to intermittent areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

ENDANGERED SPECIES CONSIDERATIONS

Notice: The listing of a species as an endangered species during gophr baiting operations may result in a fine under the Endangered Species Act. Before handling, use is advised to contact the local U.S. Fish and Wildlife Service (Endangered Species Specialist) or local Fish and Game Office for specific information on endangered species. Strychnine baits should not be used in the conservation areas of the following species except after annual and procedures approved by the State Fish, Game, and Parks, or Department of Agriculture, or other fish, game, and parks, or department of conservation, or other similar agency.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use in or on vegetation. Do not apply the product above ground on agricultural crops or anywhere else. Do not apply directly to food or feed crops.

Do not apply this product to a way that will contact workers, other persons, pets, or domestic animals. Keep pets and other people out of the area during application.

Baiting: After removing the top 2 inches of topsoil, place the bait between 6 inches from the base of the gopher hole to 6 inches from the base of the gopher hole. Do not place in a way that will contact workers, other persons, pets, or domestic animals. Keep pets and other people out of the area during application.

Follow manufacturer's instructions for cleaning and maintaining PPE. If there are no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed storage or disposal.

Pesticide Disposal: Store original container in a safe place. Store in locked area out of reach of children.

Pesticide Disposal: Pesticide containers are hazardous wastes. Improper disposal of empty pesticide, spilled bait, or residue is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Conversation Agency, or the Florida Hazardous Waste representatives at the nearest EPA Regional Office.

Container Disposal: Nonrefillable container. Do not reuse in or on soil. Do not mix or store other pesticides or other chemicals in this container with this container. Do not mix or store other chemicals in this container with other chemicals. Do not store container with children or animals.
