Nonionic Surfactant, Acidifier and Anionic Surfactant

**Principal Functioning Agents**
Alkylphenol ethoxylate, phosphoric acid, alkylphenol ethoxylate phosphate ester.................80.0%
Constituents ineffective as spray adjuvants...............20.0%
Total............................................100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

**Manufactured For**
McGregor Company
P.O. Box 740
Colfax, WA 99111
800-873-8666

**WA Reg. No. 39303-02002**

**McGREGOR SPECTRA pH**
Nonionic Surfactant, Acidifier and Anionic Surfactant

**Precautionary Statements**
Wash thoroughly after handling. Wear protective gloves, eye and face protection. Do not eat, drink or smoke when using this product. Do not breathe mist, vapor or spray. If swallowed: Rinse mouth. Do not induce vomiting. Call a poison center or doctor/physician if you feel unwell. If in eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician. If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison center or doctor/physician if you feel unwell. If on skin or clothing (or hair): Remove/take off immediately all contaminated clothing and wash before reuse. Rinse skin with water/shower. Immediately call a poison center or doctor/physician. In case of fire: stop leak if safe to do so.

**Storage and Disposal**
Do not contaminate water, food, or feed by storage and disposal.
Storage: Store in a well-ventilated place. Keep cool. Store in a closed container. Keep only in original container.
Disposal: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.
General Information
Spectra pH is a blend of nonionic and anionic surfactant and acidifier ingredients specifically designed for use with insecticides that are applied by aerial or ground application.

The addition of Spectra pH improves the pesticide application by modifying the wetting, spreading, and deposition of the applied spray mix.

Spectra pH works as an acidifier to prevent the decomposition of pesticide active ingredients by lowering the pH of alkaline water.

First Aid
If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Immediately call a poison control center or doctor for treatment advice.

If on Skin or Clothing (or Hair): Remove/take off immediately all contaminated clothing and wash before reuse. Rinse skin immediately with plenty of water for 15 to 20 minutes. Immediately call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Rinse mouth. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Immediately call a poison control center or doctor for further treatment advice.

Not For Aquatic Use

Directions For Use
Before using Spectra pH, always read and follow all label directions, mixing instructions and precautionary statements of the pesticide label that is to be tank mixed with this product.

Use Rate for Ground or Aerial Application: Use 2 to 3 pints per 100 gallons of spray mix (0.25% v/v to 0.375% v/v concentration). These use recommendations are considered to be adequate for most uses.

Consult your local and state agricultural authorities for information regarding specific use recommendations or application procedures.

Mixing Instructions
Before using Spectra pH, read the entire pesticide label to be tank mixed. All instructions on the pesticide label must be followed.

Fill the spray tank 1/2 to 1/3 full with clean water. Add Spectra pH before adding pesticide products.

NOTICE: READ CAREFULLY
Limited Warranty and Disclaimer
The Manufacturer warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to the Directions for Use. Neither Manufacturer or Seller makes any other express or implied warranties, including without limitation, the implied warranty of merchantability or fitness for a particular purpose, all of which are expressly disclaimed. Any damages arising from a breach of the Manufacturer's warranty shall be limited to direct damages, shall not include indirect or consequential damages such as loss of profits or values, and shall not, in any event, exceed the purchase price of this package of product. This Limited Warranty does not extend to the use of the product inconsistent with the label instructions, warnings or cautions, or use of the product under abnormal conditions such as drought, excessive rainfall or other weather conditions or factors that are beyond the control of the Manufacturer and/or the Seller. Any written or verbal statements or agreements cannot vary the terms of this Limited Warranty and Disclaimer. No employee or agent of the Manufacturer or Seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.
