PREVENTS NESTING – KILLS WITH RESIDUAL ACTION AS WASPS & HORNETS RETURN TO NEST
ACTS AS A BARRIER THAT PREVENTS INSECTS FROM ENTERING THE BUILDING

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Read Entire Label.
For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and do not directly underneath. May cause staining of asphalt surfaces and shingles. Remove protective cap. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

To kill wasps, hornets, bees and yellow jackets under eaves, screens, window frames, doors, patios, cracks, holes, or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist. To prevent entrance of insects into the building, spray around points where insects enter such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along slits and ledges. All outdoor applications must be limited to spot or crack-and-crevice treatments only. Do not water the treated area to the point of run-off. Do not make applications during rain.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Avoid spraying vegetation directly. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared, processed or served. Not for use in Federally inspected meat and poultry plants.

STORAGE & DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
Storage: Do not store near heat or open flame. Store in cool dry area away from children.
Disposal: Do Not Puncture or Incinerate.
If empty: Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals
CAUTION
Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call (888) 426-4851 for emergency medical treatment information.

Environmental Hazards
This product is toxic to fish and aquatic invertebrates. Do not apply directly to water.
Physical or Chemical Hazards
Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

KEEP OUT OF REACH OF CHILDREN
CAUTION
See back panel for additional precautions.
NET CONTENTS: 14 OZ. (397g)

ACTIVE INGREDIENTS:
Tetramethrin ........................................... 0.10%
Piperonyl Butoxide, Technical ..................... 0.25%
*Piperonyl (propyl)pyriproxyfen and 0.1% related compounds. Contains Petroleum Distillates.
