ACTIVE INGREDIENTS:
3-iodo-2-propynyl butyl carbamate (90.0%)

OTHER INGREDIENTS:
60.0%
TOTAL:
100.0%

DANGER

Corrosive. Causes irreversible eye damage. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear goggles, face shield (safety glasses). Wear any of the following NIOSH-approved respiratory: (1) a non-powered air-purifying respirator equipped with an R- or P- series air-purifying filter (NIOSH prefix TC-84A), OR, (2) a powered air-purifying respirator equipment with a high efficiency particulate air (HEPA) filter (NIOSH/NIOSH approval number prefix TC 21C). Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewage systems without specifically notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE AND DISPOSAL

PESTICIDE STORAGE: Do not store with strong oxidizing agents or strong (concentrated) acids. Keep container tightly closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray rinse, or rinse water is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your local State Pesticide or Environmental Control, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING:

For containers less than or equal to 50 lbs. Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 3/4 full with water and recap. Shake for 10 seconds. Pour rinse into application equipment or mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

In California, do not apply to non-food contact surfaces. Do not apply to windows, gutters, or downspouts. Do not allow to get into waterways.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR INDUSTRIAL USE ONLY

The following are suggested use levels for Fungitrol® 440S Fungicide.

For use as a preservative in manufacturing dry film paint generally use 0.1-2.0% in wet paint, for aqueous metal working, cutting, cooling and lubricating fluids and concentrates use 0.05-0.5%, for paper coatings use 0.05-0.2%, for plastic and plastic coating use 0.2-2.5%, for cording use 0.5-2.5%, for inks use 0.5-3.0%, for pigment dispersions, stains, dyes and fugitive inks for heat treatments and in printing color use 1-10%. For household, consumer, Industrial, institutional, and janitorial products (such as liquid and solid air fresheners, dish detergents, laundry products, soaps and detergents, non-food contact surface cleaners, floor care products, bathroom cleaning supplies, window cleaners, fabric care products, automotive care products, and furniture care products), use 0.01-0.075%.

For wood preservation, use only in above-ground applications only at 0.5-3.0%. Fungitrol® 440S Fungicide can be used as a fungicide in non-metallic contact with non-food contact surfaces such as wood and other natural and synthetic products with a pH of 3.0 or less. For specific recommendations on specific amounts of product to use please contact ISP.

*Not approved for use in California.
