Shake well before using!

GENERAL INFORMATION:
- For Indoor/Outdoor Use on Ornamental Flowering Plants, Trees, Shrubs, Foliage, Vegetables, Fruits, Nuts, and Mirrors around Homes and on Residential Landscapes
- Kills eggs, larvae, and adult insects
- Prevents and controls black spot on roses, anthracnose, rust and powdery mildew
- Stops powdery mildew in 24 hours

As with other oil-based products, exercise care in timing applications to avoid exposing plants to high temperatures or direct sunlight. Do not apply to newly transplanted or newly planted material or on plants not adapted to such treatment.

APPLICATION INSTRUCTIONS: Apply 3-in-1 Garden Spray Concentrate at first sign of insect/mite. For control of aphids, spider mites, scale, whiteflies, beetles, leafrollers, and other insects, 3-in-1 Garden Spray Concentrate is most effective when applied every 7 to 14 days. For heavy infestations, apply on a 7-day schedule.

MIXING INSTRUCTIONS: Mix 3-in-1 Garden Spray Concentrate at the rate of 2 tablespoons (1 fluid ounce) per gallon of water. Thoroughly mix solution and spray all plant surfaces (including underside of leaves) until completely wet. Frequently mix solution as you spray.

FUNGICIDE USE: For use on FRUITS, NUTS, VEGETABLES, HERBS, SPICES, ROSES, HOUSEPLANTS, FLOWERS, TREES, and SHRUBS.

APPLICATION INSTRUCTIONS: 3-in-1 Garden Spray Concentrate is an effective fungicide for the prevention and control of various fungal diseases including powdery mildew, black spot, downy mildew, anthracnose, rust, leaf spot, scab, and flower, blight, and alternaria. As a preventative, apply 3-in-1 Garden Spray Concentrate on a 7 to 14-day schedule until the potential for disease development is no longer present. To control disease already present, apply 3-in-1 Garden Spray Concentrate on a 7-day schedule until disease pressure is eliminated. Then continue spraying on a 14-day schedule to prevent the disease from reoccurring.

Mixing INSTRUCTIONS: Mix 3-in-1 Garden Spray Concentrate at the rate of 2 tablespoons (1 fluid ounce) per gallon of water. Thoroughly mix solution and spray all plant surfaces (including underside of leaves) until completely wet. Frequently mix solution as you spray.
PRECAUTIONARY STATEMENTS:
Hazards to Humans and Domestic Animals:
CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID:
If in Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes. If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS:
Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or minute. None Hazard: This product is toxic to bees exposed to treated water. Do not apply this product while bees are actively visiting the treatment area.

Stability and Compatibility:
Physical and Chemical Hazards: Do not use near heat or open flame.

WARRANTY:
Woodstream Corporation and its subsidiaries will not accept liability for damage or injury resulting from use not in accordance with label instructions.
