WILBUR-ELLIS®

PENETRATOR ACTIVATOR

R-900®

NONIONIC SURFACTANT FOR AGRICULTURAL SPRAYS

WSDA Reg. No. AW-2835-03006

PRINCIPLE FUNCTIONING AGENTS

% BY WT.

Ethoxylated Alcohols, Dimethyl Carbonate..................90.00%
Constituents Ineffective as Spray Adjuvant..................10.00%

Total..................................................................100.00%

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes substantial but temporary eye injury. Do not get in eyes. Wear protective goggles. In case of contact with eyes, immediately flush with water for at least 15 minutes. If irritation persists, get medical attention. May cause skin irritation, wash thoroughly with soap and water after handling. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Harmful if inhaled. Avoid breathing spray mist. Harmful if swallowed. Recommend chemical goggles, long-sleeved coveralls and rubber or neoprene boots.

FIRST AID

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye.

GENERAL INFORMATION

R-900® is a high quality, LOW-Foaming, NONIONIC surfactant formulated specifically to improve the performance of some herbicides and insecticides. In addition to improving penetration into leaf surfaces, R-900® promotes quick wetting and uniform coverage of the spray deposit on the plant surface. R-900® is effective with both contact and systemic pesticides such as Herbicides: Unless otherwise directed by the manufacturer of the herbicides use 1/2 to 2 pints (8 oz. to 32 oz.) of R-900® Penetrator-Activator per 100 gallons of spray solution for post-emergence products such as 2,4-D Amine, Basagran®, and Gramoxone®.

Insecticides: R-900® may be used to enhance the effectiveness of certain insecticides. Use 1/4 to 1 pint (4 oz. to 16 oz.) per 100 gallons of spray solution, in field crops only. Do not use on stone or pome fruits or on grape vines. Always consult your Wilbur-Ellis fieldman or salesperson before using.

Defoliants & Desiccants: Use 1 to 2 quarts (32 oz. to 64 oz.) per 100 gallons of spray solution. R-900® Penetrator-Activator should be used where difficult wetting and increased penetration of plant foliage is desired.

Reduced Tillage Systems and Chemical Fallow: Use 1/2 to 1% of the total spray volume.

Vegetation Control (Top Absorption): Use 1% of the total spray volume.

R-900® is not for use in greenhouses or on ornamental nursery stock.

DO NOT ADD THIS PRODUCT AT A RATE WHICH EXCEEDS 5% OF THE FINISHED SPRAY VOLUME.

NOT FOR AQUATIC USE.

WARRANTY STATEMENT: WILBUR-ELLIS COMPANY warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of WILBUR-ELLIS COMPANY. In no case shall WILBUR-ELLIS COMPANY be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. The exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling or application of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid for this product or at WILBUR-ELLIS COMPANY'S election, the replacement of this product. WILBUR-ELLIS COMPANY makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

PESTICIDE DISPOSAL: Improper disposal of excess spray mixtures or rinesate is a violation of federal law. Waste resulting from use of this product should be disposed of through on-site spray application or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or other procedures approved by state and local authorities.
