ACTIVATE PLUS™

NONIONIC SURFACTANT

**PRINCIPAL FUNCTIONING AGENTS:**
Glycerol, sodium xylene sulfonate, alkyl phenol ethoxylate .......................................................... 90.0%

**CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANTS:** ........................................................................ 10.0%

**TOTAL** .................................................................................................................................................. 100.0%

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**
Keep out of reach of children. Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:**
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**FIRST AID**

**IF IN EYES:**

**IF ON SKIN OR CLOTHING:**

**IF INHALED:**

**NET CONTENTS**
2.5 Gallons (9.46L)

Causes moderate eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT:**
Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

**ALL INGREDIENTS ARE EXEMPT FROM THE REQUIREMENTS OF A TOLERANCE IN 40 CFR 180.**

STORAGE AND DISPOSAL

**STORAGE:** Store in cool, dry location away from heat or open flame. Store in original container only. Do not contaminate water, food, or feed by storage or disposal.

**CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

**GENERAL INFORMATION**

ACTIVATE PLUS™ is a superior 90/10 nonionic water soluble surfactant designed for use in certain agricultural and horticultural sprays. Use adequate ventilation when handling concentrate.

**DIRECTIONS FOR USE**

Suggested rates for use with various categories of chemicals are as follows:

<table>
<thead>
<tr>
<th>Chemical Group</th>
<th>Pints of ACTIVATE PLUS™ to add per 100 gallons of spray mixture</th>
</tr>
</thead>
<tbody>
<tr>
<td>Insecticides, Miticides &amp; Fungicides</td>
<td>0.5 to 2 pints</td>
</tr>
<tr>
<td>Herbicides</td>
<td>1 to 4 pints</td>
</tr>
<tr>
<td>Glyphosate formulations without added surfactants</td>
<td>8 pints</td>
</tr>
<tr>
<td>Defoliants &amp; Desiccants</td>
<td>1 to 4 pints</td>
</tr>
<tr>
<td>Fertilizers &amp; Micronutrients</td>
<td>0.5 to 2 pints</td>
</tr>
<tr>
<td>Livestock sprays</td>
<td>0.25 to 0.5 pints</td>
</tr>
</tbody>
</table>

In difficult wetting situations (such as hard water or mature waxy foliage), use the higher rate.

**NOTE:** Carefully read and follow the directions contained on the label of the herbicide, insecticide, or livestock spray with which ACTIVATE PLUS™ is to be used. For local recommendations consult competent agricultural authority.

**COTTON PICKERS:** Use 0.5 to 0.75 pint per 100 gallons of water in the picker tank. While filling the tank with water add the ACTIVATE PLUS™ when about half full and mix thoroughly. Continue to fill the tank with circulation.

**GINS:** Use at a rate of 0.75 pint of ACTIVATE PLUS™ per 100 gallons of water to restore moisture to cotton.

**Aerial Application:** When applying aerially, see rate chart above and always follow pesticide label directions including a minimum water volume per acre. Do not substitute ACTIVATE PLUS™ for water required by the pesticide label.

**Aquatic Application:** Apply at the rate of 2 pints per 100 gallons of spray solution and always follow pesticide label directions. (Not for aquatic use in Washington.)

Due to variations in materials, application equipment, water quality, and other conditions, the optimum use rate may vary. Use enough ACTIVATE PLUS™ to form a smooth uniform spray deposit.

**Notice of Warranty**

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
