PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
DANGER
KEEP OUT OF REACH OF CHILDREN
CORROSIVE. Causes skin damage. May be fatal if absorbed through skin.
Causes skin and eye irritation. Harmful if swallowed or inhaled. Do not get on skin,
eyes or on clothing. Wear protective clothing and rubber gloves. Avoid breathing
vapors or spray mist. Prolonged or frequently repeated skin contact may cause
allergic reactions in some individuals. Wash thoroughly with soap and water after
handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not apply directly to water, to areas where surface
water is present or to intertidal areas below the mean high water mark. Do not
apply where runoff is likely to occur. Do not contaminate water by cleaning of
equipment or disposal of waste. Apply this product only as specified on the label.
In case of Emergency-Immediately call (24 hours) (800) 424-9300 CHEMTREC.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Do not store below 0°F. Product crystallizes at lower
temperatures. Warm or store at higher temperatures and mix to redissolve crystals
and assure uniformity before use.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be
disposed of on site or at an approved waste disposal facility.
CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this
container. Offer for recycling, if available or puncture and dispose of in a sanitary
landfill, or by incineration, or by disposal, if approved by state and local authorities, by burning. If
burned, stay out of smoke.

USE PRECAUTIONS
READ ALL DIRECTIONS BEFORE USING. Apply this product only as specified on
this label. Keep children and pets away from treated wood. Do not store near
food or feed. Keep container tightly closed when not in use. This product is toxic to fish.
Apply only as specified on this label.

Osmose® WOODFUME®
A Fumigant for Controlling Decay
and Insects in Wood Poles
ACTIVE INGREDIENT: Sodium methylbichloroacetate (Anhydrous) 32.7%
INERT INGREDIENT:............................................. 67.3%
*C:Contains 3.18 lbs. active ingredient per gallon TOTAL 100.0%
KEEP OUT OF REACH OF CHILDREN
DANGER
READ ENTIRE LABEL FOR PRECAUTIONARY STATEMENTS
PRODUCT INFORMATION
WOODFUME is a fumigant solution. When used as directed, it will arrest internal
decay present in poles, piling and similar large timber members. During sterilization of the
treated area, a fungitoxic residue is deposited in the cells of the wood. This
residue is effective for an indefinite period.
Timber known to have internal decay should be scheduled for treatment before they
have decayed to the point where replacement is necessary.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its
labeling.

For remedial treatment of wooden poles/piers:
1. Plug the pre-dried holes immediately after application;
2. Do not treat structures/areas indoors;
3. Do not drill an application hole through seasoning checks to apply product. If the hole
intersects a check, plug the hole and drill another. If more than 2 treatment holes
intersect an internal void or not pocket, re-drill the holes farther up the pole into relatively
solid wood.

Large structural timbers have so many different end uses that the groundline area of a
40" circumference standing pole is taken as a guide and example for application of this
product.
WOODFUME may be applied to any section of a pole or timber where internal decay is
suspected.

For interior decay drill an adequate number of holes at a 45° angle downward to a length
of approximately 2½ times the radius of the wood. The first hole should be at the
groundline and succeeding holes approximately 6-8" higher and 90° rotated from the next
lower hole.
Pour equal amounts of the fumigant into all holes. The amount of fumigant to be used
per pole is based on the pole circumference at groundline and in accordance with the
chart below.

<table>

<tr>
<td>46-65</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
For other types of structural members drill an adequate number of holes, suffficiently
spaced and of sufficient dimensions to allow for proper distribution of product.
Plug holes with treated wood plug, using the precaution of wearing safety goggles to
avoid splashing any of the liquid into the eyes.

EPA Establishment No.: 3006-NY-1

NET CONTENTS: 1 gallon

FIRST AID
If inhaled
Move person to fresh air.
If person is not breathing, call 911 or an ambulance. Then give
artificial respiration, preferably by mouth to mouth, if possible.
Call a poison control center or doctor for further treatment advice.

If on skin or clothing
Take off contaminated clothing.
Rinse skin immediately with plenty of water for 15-20 minutes.
Call a poison control center or doctor for treatment advice.

If in eyes
Hold eye open and rinse slowly and gently with water for 15-20
minutes.
Remove contact lenses, if present, after the first 5 minutes, then
continue rinsing eye.
Call a poison control center or doctor for treatment advice.

If swallowed
Call poison control center or doctor immediately for treatment
advice.
Have a person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by the poison control
center or doctor.
Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or
doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contribute the use of gastric lavage.

NOTICE - READ CAREFULLY
CONDITIONS OF SALE: Osmose offers this product for sale subject to, and buyer
and all users are deemed to have accepted, the following conditions of sale and
warranty which may only be varied by written agreement of a duly authorized
representative of Osmose.
WARRANTY LIMITATION: Osmose warrants that this product conforms to the
chemical description on the label and is reasonably fit for the purposes referred to in
the directions for use on the label subject to the inherent risks referred to below.
Osmose makes no other express warranties: THERE IS NO IMPLIED WARRANTY
OF MERCHANTABILITY and there are no warranties which extend beyond the
description on the label hereof.

INHERENT RISKS: The directions for use on this product are believed to be reliable
and should be followed carefully. However, it is impossible to eliminate all risks
associated with use. Buyer assumes all risks associated with use or application of this
product contrary to label instructions or resulting from extraordinary weather
conditions.

LIMITATION OF LIABILITY: In no case shall Osmose be liable for special, indirect,
or consequential damages resulting from the use or handling of this product and no
claim of any kind shall be greater in amount than the purchase price of the product
in respect of which such damages are claimed.
