Information regarding the contents and levels of metals in this product is available on the Internet at http://www.regulatory-info-ap.com

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use on bentgrass greens, roughs, and Kentucky Bluegrass bermudagrass, bare and mowed, and overseeded bermudagrass greens and lawns only. Apply anytime turf is actively growing. Full applications to dormant turf are not recommended.

High K Fertilizer plus Turf Enhancer can be applied up to 48 weeks after application. Do not apply more than 10 times within the HALF RATE. The HALF RATE should be used on overseeded greens only after successful establishment. Applications should not be made after August 15 since late applications may temporarily delay dormancy of bermudagrass growth and greening in the spring. Turf and improving significant conditions of Phos Anemia. HALF RATES should be used to avoid temporary discolored turf.

How to Use

Apply to dry foliage. For best results, water in (at least 1/4 inch) within 48 hours after application. Continue normal cultural practices after application.

Benefits to Expect

Turf-grass and perennial ryegrass/Kentucky Bluegrass turf areas and overseeded greens and turf will be deeper and, depending on site and frequency, will last up to 10 weeks. On overseeded greens, a more uniform and dense putting surface will result.

With repeat applications, growth of turf will be restored resulting in improved density and playability of turf.

To avoid this response, do not apply when cool dormancy is breaking or when turf is burned, stay out of smoke. Do not apply when cool dormancy is breaking or when turf is burned, stay out of smoke. Do not apply when cool dormancy is breaking or when turf is burned, stay out of smoke.

Environmental Hazards

Do not apply directly to water or to areas where surface water is present or to irrigation areas below the mean high water mark. Do not apply to swales or water courses where conditions favor drift from treated areas. Do not contaminate water when disposing of equipment washwater.

ACTIVE INGREDIENT: Artificial turf (K)

OTHER INGREDIENTS: Artificial turf (K) and fertilizer (K)

Details of the product can be found at http://www.regulatory-info-ap.com

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Store opened bag by tying top down and sealing.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonhazardous container. Do not reuse or refill this container. For recycling, if available. Completely empty into appropriate wastewater system. Do not dispose of in a sanitary sewer by incineration, if allowed by state and local authorities, by burning, if burned, stay out of smoke.

Suggested Spreader Settings

To provide adequate depth of spreader for application:

50 lbs. treats 15,930 sq. ft. (675 acres) at the 91 lbs. product/acre HALF RATE at 145 lbs. product/acre FULL RATE. 15,930 sq. ft. (675 acres) at the 77 lbs. product/acre FULL RATE. 177 lbs. product/acre HALF RATE. 4314
