**FOR THE FOLLOWING EMERGENCIES, PHONE 24 HOURS A DAY:**
-劇毒物質CheMICALS: - 1-800-424-9300
- Other: AMVAC: - 1-800-264-5910

**NOTE TO PHYSICIAN:**
This product is a pyrethroid. In high amounts, antihistamines have been ingested, their skin or other digestive tract may also increase absorption and should be provided.

**PREGNANCY AND BREASTFEEDING**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
Caution: Harmful if swallowed. Avoid contact with skin, eyes or clothing. The following Personal Protective Equipment requirements apply to red form and sod lawns.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**
- Clothing and other outerwear:
  - Long-sleeved shirts and long pants
  - Chemical-resistant gloves, such as butyl latex or polyisoprene rubber
  - Shoes with non-slip soles

**FOLLOW MANUFACTURER'S INSTRUCTIONS FOR CLEANING/REMOVING PPE.** If on such materials for such use, container hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS:**
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Wash immediately if pesticide gets on skin. Then wash thoroughly and dry by patting with a towel.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**
This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water ingress or irrigation takes place into streams below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Do not apply to surface waters or areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washing water.

**Personal Protective Equipment (PPE) Requirements**
- Use of a face mask is required in non-agricultural applications associated with labeling. When applying this product in a way that will contact workers or other persons, either directly through or drift. Only protected handlers may be in the area during application. For all use requirements, refer to your State or 70% of adult use, the agency responsible for pesticide regulation.
- Do not eat.
- Do not drink.
- Do not apply more than 0.1 lb. active ingredient (a.i.) per acre per application on residential sites (i.e., around private homes, apartment buildings, condominiums, non-agricultural hospitals, non-commercial greenhouses, zoos or other day care facilities), may be applied up to 0.8 lb. a.i. per acre on non-agricultural residential sites (i.e., around institutional, public, commercial or industrial building, golf courses, and forest, parks, recreational areas or athletic fields).
- Do not broadcast apply more than 0.1 lb. A.S. (280 lbs. Wisdom GC Granule) per acre per year.
- Do not apply within 35 feet of lakes, reservoirs, rivers, permanent streams, manmade or natural ponds, wetlands, and similar fish ponds.
- Do not use on ornamental, commercial greenhouses or other grass grown for seed.

**AGRICULTURAL USE REQUIREMENTS**
Use this product only in accordance with its labeling and with the Worker Protection Standard (WPS) as published in 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticide. It provides requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and substitutions pertaining to the statements on this label about personal protective equipment (PPE) and restricted entry intervals. The requirements in this box only apply to the use of this product as described in the Worker Protection Standard and do not apply to any other use of the product approved by the State or applicable State or local regulations or modified to meet the needs of the worker. The worker protection standard provides for protection for all workers and other people who may be present in the treated areas when the product is used or may be exposed to the product. For more information, contact the following:
