**MERIT 0.5 G INSECTICIDE**

**INSECTICIDE**

**30 lbs Net Weight SKU# 0909436**

**OTHER INGREDIENTS:**

- Call a poison control center or doctor for treatment advice.
  - If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then rinse eyes with water again.
  - If on skin: Rinse skin immediately with plenty of water for 15 to 20 minutes.
  - If swallowed: Do not induce vomiting unless told to do so by a poison control center or doctor. Call a poison control center or doctor immediately for treatment advice.

**Resistance Management Recommendations:**

- The active ingredient in MERIT 0.5 G Insecticide has sufficient residual activity so that applications can be made preceding the egg laying activity of the target pests. High levels of control can be achieved when applications are made prior to egg hatch of the target pest, followed by sufficient irrigation or rainfall to move the active ingredient through the thatch.

**Applications to Turfgrass:**

- MERIT 0.5 G Insecticide is effective against a broad spectrum of turfgrass insects, including:
  - Japanese beetle
  - European chafer
  - Cutworms
  - Armyworms
  - Ameinolepsis
  - Hornworms
  - White chafer
  - Sphenophorus
  - European chafer
  - Oriental beetle
  - Northern masked chafer
  - Phyllophaga
  - Sphaerambia
  - Sphenophorus

**Crop Pest Dosage:**

- **Turf Grasses:** 60 to 80 lb per acre
- **Trees, Shrubs, Evergreens, Flowers, Foliage Plants, Ground Covers:** 1 to 1.8 lb/1000 sq ft

**Restrictions:**

- **RESTRICTION:** Do not apply more than 80 lb (0.4 lb of active ingredient) per acre per year.

**Application Equipment and Spread Settings:**

- **NOTE:** Refer to label sections on application equipment and spreader settings.

**Storage and Disposal:**

- **Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Environmental Hazards:**

- **In case of emergency call toll free the Bayer Environmental Science Emergency Response Telephone No. 1-800-334-7577. Have a product container or label with you when calling.**

**FIRST AID:**

- **When this document is printed at 100% (actual size), this text is 6 pt HelveticaNeue Condensed.**

**Use:**

- MERIT 0.5 G Insecticide can be used as a broadcast application on ornamentals in commercial and residential landscapes.

**Treatment Areas:**

- Treated areas may be replanted with any crop specified on an imidacloprid label, or with any crop for which a tolerance exists for the active ingredient.

**Disposal:**

- Non-refillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Offer for recycling, if available, or dispose of empty bag in a sanitary landfill, by landfilling, or by incineration, or if allowed by the state and local authorities, by burning. If burned, stay out of smoke.

**Consult your local State Agricultural Experiment Station, or State Extension Turf Specialists for more specific information regarding timing of application.**
CAUTION
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
Do not formulate this product into other end-use products.

• Call a poison control center or doctor for treatment advice.

• Rinse skin immediately with plenty of water for 15 to 20 minutes.

• Do not induce vomiting unless told to do so by a poison control center or doctor.

• Avoid contact with eyes, skin, clothing

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Insect population if Group 4A insecticides are used repeatedly as the predominant method of control for targeted species.

MERIT 0.5 G Insecticide contains a Group 4A insecticide. Insect biotypes with acquired or inherent resistance to Group 4A insecticides may eventually dominate the

PROPER USE
BACKED by BAYER.

Net Weight: 30 lbs

Insecticide

For optimum control, if rainfall does not occur within 24 hours after application, irrigate to move the active ingredient through the thatch. On golf courses, irrigate treated areas following application. Avoid

To contain a spray incorporated in the turf as a result of irrigation, select a wide-angle spray pattern. Use a solid fan sprayer or a flat-fan nozzle to prevent drift and avoid direct overspray.

When this document is printed at 100% (actual size), this text is 6 pt HelveticaNeue Condensed.

APPLICATION EQUIPMENT

Refer to label sections on application equipment and spreader settings.

IMPORTANT: READ BEFORE USE

On golf courses it is important to incorporate the product into the turf as a result of irrigation. Select a wide-angle spray pattern. Use a solid fan sprayer or a flat-fan nozzle to prevent drift and avoid direct overspray.
