CVS™

WASP & HORNET KILLER

LONG RANGE SPRAY

Reaches nests up to 20 feet above the ground!

CAUTION

Harmful if swallowed or inhaled. Avoid breathing vapor or spray mist. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

Call a poison control center or doctor for treatment advice. Have the product label with you.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

NOTE TO PHYSICIAN: Contains Petroleum Distillate. Vomiting may cause aspiration pneumonia.

ENVIROMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Avoid contamination of food and feedstuffs. Do not use in commercial food-processing, preparation, food-storage or serving areas. In the home, all food-processing surfaces and stovetops should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Remove pets and birds, and cover fish aquariums before spraying.

FOR CONTROL OF WASPS, BEES, HORNETS AND YELLOW JACKETS: The best time to spray the nest is in the early morning or early evening, when air temperatures is cooler and most insects are in the nest, and little activity is observed around the nest opening. Spray only if the air is still. Stand at a safe distance from the nest, not directly under. Hold container upright at arm's length, point the actuator at the nest and spray in the opening of the nest first. Then spray the rest of the nest until it is saturated. Treated insects may fall out of the nest and die. Any insects returning to the nest after treatment will be killed. Wait 48 hours before removing the nest. Patches of desirable plants that were contacted with spray should be hosed off.

DO NOT USE THIS PRODUCT ON LIVESTOCK, TREES, SHRUBS OR ORNAMENTAL PLANTS.

When using indoors or outdoors, avoid wetting asphalt tile, shingles, rubber or plastic materials. Test on an inconspicuous area before using near any other type of surface.

STORAGE & DISPOSAL

Store in a cool, dry area away from heat or open flame.

DISPOSAL: DO NOT PUNCTURE OR INCINERATE!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.

THE USER OF THIS PRODUCT ASSUMES ALL RISKS OF USE, STORAGE AND HANDLING NOT IN ACCORDANCE WITH ITS DIRECTIONS AND CAUTIONS.
