KILLS WARFARIN-RESISTANT HOUSE MICE

CONTESTA LA ETIQUETA

STEP 1

House mice may consume a lethal dose in one feeding with first dead mice appearing 4 or 5 days after feeding begins.

CONSIDER THE FOLLOWING:

1. Store product in a place inaccessible to children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and non-target wildlife, e.g., in garage and basement cupboards, under porches, etc.
3. Place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Suggested bait stations:

SUGGESTED BAIT STATIONS:

- Exterior of buildings
- Basements
- Garages
- Barns
- Sheds
- Docks
- Outbuildings

APPLICATION DIRECTIONS

FOLLOW THE HOUSE MOUSE INSTRUCTIONS in the one-bait pack for placement.

Place baits in areas that are accessible to the pest, e.g., in garage and basement cupboards, under porches, etc. In areas where baits are not accessible to the pest, e.g., in basements or garages, use baits in the one-bait pack for placement.

Check all locations every 3 days for signs of feeding. Keep area free of baits if more than 1/2 of the original amount has been removed by mice. If bait packs are not opened by mice for 5 consecutive days, they may be relocated to other places where mice activity occurs, e.g., in the garage and basement cupboards, under porches, etc. In areas where baits are not accessible to the pest, e.g., in basements or garages, use baits in the one-bait pack for placement.

COLOGNE AND SPOTLIGHT

- Apply baits in locations out of reach of children, pets, domestic animals and non-target wildlife, e.g., in garage and basement cupboards, under porches, etc.
- Place baits in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Suggested bait stations:

SUGGESTED BAIT STATIONS:

- Exterior of buildings
- Basements
- Garages
- Barns
- Sheds
- Docks
- Outbuildings

APPLICATION DIRECTIONS

FOLLOW THE HOUSE MOUSE INSTRUCTIONS in the one-bait pack for placement.

Place baits in areas that are accessible to the pest, e.g., in garage and basement cupboards, under porches, etc. In areas where baits are not accessible to the pest, e.g., in basements or garages, use baits in the one-bait pack for placement.

Check all locations every 3 days for signs of feeding. Keep area free of baits if more than 1/2 of the original amount has been removed by mice. If bait packs are not opened by mice for 5 consecutive days, they may be relocated to other places where mice activity occurs, e.g., in the garage and basement cupboards, under porches, etc. In areas where baits are not accessible to the pest, e.g., in basements or garages, use baits in the one-bait pack for placement.
**APPLICATION DIRECTIONS:** To Control House Mice: Use one bait per placement. Space placements a distance of 6 to 10 ft. bait stations 2.4 cm in diameter in clusters of 2 to 4 baits per group. For best results, use enough baits to cover an area of at least 12 ft. 2.4 cm in diameter. For large infestations, use higher bait concentrations. For outdoor use, use baits in protected areas such as under decks, porches, or in other sheltered areas.

**STORAGE AND DISPOSAL:** Store above freezing and below 110°F (43°C). Store bait in its original container only. Place in a secure location away from human food, pet food, and water. Homeowners shall not transport unused bait in a motor vehicle. Do not dispose of bait or its container in a public disposal area. Do not dispose of bait or its container in a landfill. Do not pollute waterways.

**DIRECTIONS FOR USE:** READ LABEL. Read the entire label and follow all use directions and precautions before using.

**CAUTION:** May be harmful or fatal if swallowed. Read additional precautionary statements on back panel.

**ACTIVE INGREDIENT:** Brodifacoum 3-[[3-[(4'-bromo-1,1'-biphenyl)-4-yl]-1,3,4-tetrahydro-2H-1-naphthalenyl]4-hydroxy-2H-1-benzoypyran-2-one]...

**OTHER INGREDIENTS:**......

**TOTAL:** 99.9995%

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION:** May be harmful or fatal if swallowed. This material may reduce the clotting ability of the blood and cause bleeding. Keep away from humans, domestic animals, and pets. Wash hands after handling bait.

**FIRST AID:**

**Have Label With You When Obtaining Treatment Advice.**

IF SWALLOWED BY HUMAN: • Call a Poison Control Center, doctor, or 1-800-222-1222 immediately for treatment advice.
• Do not induce vomiting unless told to do so by the Poison Control Center or doctor.

IF SWALLOWED BY PET OR ANIMAL: • Call a veterinarian immediately for treatment advice.

**NOTE TO PHYSICIAN AND VETERINARIAN:** This product may reduce the clotting ability of the blood and cause hemorrhaging. The anticoagulant action of this product may produce prolonged prothrombin times (PT) for 30 days after exposure. If poisoning occurs, intravenous and oral administration of Vitamin K1 are indicated. Prevent further exposure. Do not give Vitamin K1 to animals within 30 days of exposure. Do not treat animals when their blood clotting factor levels are normal. This product is contraindicated for use in ruminants and non-ruminants treated with oral anticoagulants.

**NOTICE TO BUYER AND USER:** Buyer and User assume all responsibility for safety and health associated with the use of the product. Do not use the product for any other purpose.

**RECORD-KEEPING:** Keep a record of all baits used and dates of application. Do not use baits on crops that are to be harvested for human consumption. Do not use baits on crops that are to be used as animal feed.

**MONITORING AREA:** In cases where multiple baits are used, monitor the area where baits are placed regularly. If animals show signs of toxicity, seek veterinary assistance.

**SELECTIVE USE AREAS:** Keep baits in areas where mice will not have access to food. Do not use in areas where children, pets, or other domestic animals may have access to baits.

**PRECAUTIONS FOR USE:**

**DISPOSAL:** Dispose of bait and container in accordance with local regulations. Do not pollute waterways.

**NET CONTENTS:** 1.0 oz (28 g)
