ACTIVE INGREDIENT:
(S)-Methoprene (CAS# 65733-16-6) .......... 1.5%
OTHER INGREDIENTS: ............................... 98.5%
TOTAL: ....................................................... 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION
See back panel for additional Precautionary Statements

NET WEIGHT 2.5 LBS (1.14 Kg)
Measure the surface area of the water and sprinkle the appropriate amount of Altosid® Pro-G uniformly and repeat application as necessary. Measure and then apply the treatment in gallons of water as follows:

<table>
<thead>
<tr>
<th>Amount of Treatment Volume (gallons)</th>
<th>Surface Area Treatment (sq. ft.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 cup</td>
<td>400 sq. ft.</td>
</tr>
<tr>
<td>1/2 tsp.</td>
<td>200 sq. ft.</td>
</tr>
<tr>
<td>1 tbl.</td>
<td>100 sq. ft.</td>
</tr>
<tr>
<td>1 tsp.</td>
<td>50 sq. ft.</td>
</tr>
<tr>
<td>1/2 tsp.</td>
<td>25 sq. ft.</td>
</tr>
<tr>
<td>1 tbl.</td>
<td>10 sq. ft.</td>
</tr>
</tbody>
</table>

Do not use food utensils such as tablespoon(s) or measuring cups for food purposes after use with insects. 

**NOTE:** Altosid® insect growth regulator has no effect on mosquitoes which have reached the pupal or adult stage prior to treatment.

**APPLICATION TIME:** Apply Altosid® Pro-G at any stage of larval mosquito development. Granules may be applied prior to flooding (i.e., “pre-hatch” or “pre-flood”) in areas which flood intermittently. In such areas, one application of Altosid® Pro-G can prevent adult mosquito emergence from several subsequent floodings. The actual length of control depends on the duration and frequency of flooding events.

**APPLICATION SITES:** Non-Crop Areas: Altosid® Pro-G may be applied as directed above to temporary and permanent sites which support mosquito larval development. Examples of such sites include: snow pools, salt and tidal marshes, freshwater swamps and marshes (cattail, red cedar, white maple marshes), woodland pools and meadows, dreging spoil sites, drainage areas, ditches, wastewater treatment facilities, livestock runoff lagoons, retention ponds, harvested timber stacks, swales, storm water drainage areas, sewers, catch basins, tree holes, animal watering troughs, water-holding receptacles (e.g., tires, urns, flower pots, cans, and other containers), and other natural and manmade water-holding depressions.

**FIRST AID:**

- If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the last 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor.

**STORAGE AND DISPOSAL:**

- Do not reuse or refill this container. Triple rinse (or waste disposal facility.

- Do not dispose of on site or at an approved

- Pesticides adversely effects aquatic organisms. Avoid contact with eyes or skin. Due to the size and abrasiveness of the granule, use protective eyewear and clothing to minimize exposure during loading and handling. Wash thoroughly with soap and water after handling.

- Toxin runoff lagoons, retention ponds, harvested timber stacks, swales, storm water drainage areas, sewers, catch basins, tree holes, animal watering troughs, water-holding, receptacles (e.g., tires, urns, flower pots, cans, and other containers), and other natural and manmade water-holding depressions.

- **CAUTION:** Causes moderate eye irritation.

- **WARNING AND CONDITIONS OF SALE:** Seller makes no warranty, expressed or implied, concerning the use and handling of this product other than indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions.

- **ENVIRONMENTAL HAZARDS:** Do not contaminate water when disposing of rinsate or equipment washwaters.

- **PROCEDURAL STATEMENTS-HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

- **NOTE:** Application of Altosid® Pro-G to sites subject to water flow or exchange will diminish the product's effectiveness and may require higher application rates and/or more frequent applications.

- **STORAGE AND DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. Pesticide Storage: Store closed containers of Altosid® Pro-G in a cool, dry place. Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Pesticide Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or waste disposal facility.

- **Disposal:**

- **Do not**

- **Do not**
Crop Areas: Altosid® Pro-G may be applied as directed above to temporary and permanent sites which support mosquito larval development. Examples of such sites include: irrigated croplands, pastures, reclamation, vineyards, rice fields (domestic and wild), date palm, citrus, fruit, nut orchards, berry fields and bogus.

NOTE: Application of Altosid® Pro-G to sites subject to water flow or exchange will diminish the product’s effectiveness and may require higher application rates and/or more frequent applications.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Pesticide Storage: Store closed containers of Altosid® Pro-G in a cool, dry place. Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Pesticide Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling, if available, or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS - HAZARDS - TO HUMANS AND DOMESTIC ANIMALS - CAUTION: Causes moderate eye irritation.

FIRST AID If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
