ROYAL BLUE
COPPER PRO SCX™

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Product Description: Copper Pro™ SCX provides extended antifouling protection against barnacles, algae and marine growth. It resists contamination by seawater, algae, and marine growth. SCX™ SLIME CONTROL XTRA™ acts like a sunscreen to prevent slime and algae. Its ablative polymer base offers a smooth finish with durability and abrasion resistance. Copper Pro™ SCX™ releases by the deflection of paint to the water. Copper Pro™ SCX™ has universal application over all types of properly prepared bottom paints (except aluminum). For use on fast fiberglass, wood, steel and other painted surfaces that are compatible with the use of antifouling products. Apply at least 2 coats for best performance. As the life of the paint is proportional to the number of coats applied for protection.

Precautionary Statements:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wear protective clothing such as gloves, long-sleeved shirt, long pants and hat. May be fatal if swallowed or inhaled. Do not breathe dust, vapor or spray mist. Wear a mask or respirator. If swallowed, wash contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance immediately. If breathing is difficult, give oxygen. Do not give mouth-to-mouth resuscitation. Call a poison control center or doctor for further treatment advice. For additional information in case of emergency call toll free Chemtrol: 1-800-424-5300.

ENVIRONMENTAL HAZARDS

This paint is toxic to birds, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless the product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product to sewage systems without previously notifying the sewage authority. For guidance contact your State Water Board and/or Regional Office of the U.S. Environmental Protection Agency.

GENERAL INFORMATION

The performance of any antifouling paint or coating depends on many factors outside the control of our company, including surface preparation, proper application, and environmental conditions. Therefore, we cannot guarantee the product's suitability for your particular purpose or application. We cannot guarantee the life of the product or its effectiveness for a particular purpose and/or its ability to meet regulatory standards. We shall not, under any circumstances, be liable for incidental or consequential damages. By purchase or use of this product, buyer agrees that the sole exclusive remedy is limited to the refund of the purchase price or replacement of the product at the company’s option.
