**FOR HOSPITAL, INSTITUTIONAL AND INDUSTRIAL USE**

EnVerros SaniMaster Carpet Sanitizer should be an integral part of any carpet maintenance system. Routine application will not only clean the carpets, but sanitize and deodorize for a cleaner, longer lasting carpet. This product is a low foaming carpet shampoo formulated for use with extraction and carpet steam cleaning equipment. This product contains “twin chain” quaternary ammonium compounds to reduce and control the growth of gram negative and gram positive odor causing bacteria. This product is fortified with odor counteractants to neutralize unpleasant malodors. Recommended for use on wet cleanable synthetic fibers, but not recommended for use on wool carpets. This product effectively and economically lifts and removes greasy soil, resists resoling and utilizes “built-in” deodorants for more productive use.

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**TO CLEAN, SANITIZE, AND DEODORIZ CARPET**:

**STEAM EXTRACTION:** Vacuum carpet thoroughly. Mix two (2) ounces of this product per gallon of water. Inject and extract as you would any steam cleaning shampoo.

**SPIN BONNET (BONNET BUFF) CLEANING:** Vacuum carpet thoroughly. Mix four (4) ounces of this product per gallon of water. Bonnet on carpet at rate of 200-300 sq. ft. per gallon.

**HEAVY DUTY SPIN BONNET (BONNET BUFF) CLEANING:** Vacuum carpet thoroughly. Mix sixteen (16) ounces of this product per gallon of water. Spray on carpet at rate of 200-300 sq. ft. per gallon.

**NOTE:** Test color fastness of carpet before use. Apply diluted cleaner to a small concealed spot, then rub with clean white cloth. If color transfers to cloth or changes, a water-based product should not be used.

**NOTE:** Not recommended for use on Stain-Resistant Nylon Carpets. Consult carpet manufacturer's warranty and maintenance instructions for proper use. After cleaning, set carpet pile in one direction with a stiff brush (carpet pilator). Place aluminum foil under legs of furniture while carpet is drying. Over-wetting can cause shrinking of carpet. Manufacturer assumes no responsibility for over-wetting or misuse.
