AfterShock is an extremely durable acrylic finish, developed to withstand moist humid conditions that provide the ideal environment for fungal growth. This easy to apply coating offers the ultimate in durability in combination with excellent fungicidal characteristics.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Check with all local, state, and federal regulations before beginning work or using this product. Fix the source of any moisture problems prior to remediation. Do not attempt to salvage damaged or structurally unsound building materials. Consult with a qualified professional to perform a thorough inspection and supply work specifications appropriate to the project.

AfterShock is designed to kill residual mold and mildew remaining after pre-cleaning contaminated surfaces, as well as to inhibit the future growth and spread of mold and mildew on the coated film surface in residential & institutional buildings. AfterShock is recommended for use on interior wall surfaces such as plaster, wallboard, Sheetrock®, concrete, masonry block, wood, primed metal and galvanized metal. AfterShock is also recommended for use on interior wood framing, primed metal, concrete, and wallboard inside the wall cavity. Do not use for HVAC system application.

SURFACE PREPARATION
AfterShock is supplied ready to use. Stir thoroughly. Do not mix with any other coatings, solvents or colors in oil. Remove damaged materials and clean surfaces. Patch surface irregularities with an appropriate patching compound. AfterShock is self-primering over bare gypsum drywall, composition board, ceiling tiles and concrete. Do not apply when air or surface temperature is below 50F or when drying conditions are poor. Keep from freezing. Use adequate ventilation during application.

APPLICATION TOOLS
Apply AfterShock with brush, roller or airless spray equipment. If using airless spray equipment, AfterShock can be successfully applied with a .017-.019 tip setting.

COVERAGE
Smooth Surfaces - 300-350 ft² per gallon
Porcelain Surfaces - 175-200 ft² per gallon
Spray - 50% of above

MOLD & MILDEW CONTROL
Remove gross mold or heavy soil. For heavily soiled areas, a pre-cleaning step is required. Apply AfterShock generously and uniformly by brush or airless spray and ensure that the surface is completely coated. Allow to air dry. Clean and inspect regularly for signs of mold and mildew. If necessary, apply AfterShock film to clean walls.

DRYING TIME @ 74°F 50% R.H.
To Touch: 1 Hour

CLEANUP
Clean tools and equipment with warm soapy water before AfterShock dries.

Storage and Disposal
Do not contaminate water, food or livestock by storage or disposal. Pesticide Disposal: Waters resulting from the product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Non-flammable containers. Do not reuse or refill this container. Do not dispose of empty containers into household waste streams. Follow the directions on the label for proper disposal.

FIRST AID
Have the product label or MSDS with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES:
Hold open eyelids and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for further treatment advice.

IF INHALED:
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED:
Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

FOR MEDICAL ASSISTANCE, CALL YOUR LOCAL POISON CONTROL CENTER OR 800-222-1222

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS

CAUTION
May be harmful if inhaled, swallowed or absorbed. Avoid breathing spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing before re-use. When applying with a spray, applicator should wear a dust mask when necessary. Do not apply with a respirator. May be harmful to aquatic life. Use only in well-ventilated areas. Use outdoor when possible and use the recommended respiratory equipment.

physical and chemical hazards
Do not apply this product or on electrical equipment due to the possibility of shock hazard.

CAS No.: 7732-18-4

CHEMICAL INGREDIENTS:
7732-18-4 Water
15465-67-7 Titanium dioxide
25566-71-4 2,4,4-Trimethyl-2-pentanol (Monomethyl ether)
37-07-0 Propylene glycol

Fungicidal Coating

Kills and Prevents Mold and Mildew*

Approved for a variety of surfaces including concrete, cement masonry, masonry walls, brick, stucco, shake, wood, stone, fiberglass, and metal. Also approved for use on interior wood framing, on metal and plaster, and wallboard under the wall cover. This product contains a fungicide that provides excellent mold and mildew control.

Application Tools
Apply Aftershock with black, white, or other color spray equipment. Uniform coverage can be achieved with a 4:1 spray gun setting.

Coverage
Approximately 300-320 sq ft per gallon

Storage and Disposal
Not a hazardous waste. Store in a cool, dry, place. Do not mix with other chemicals prior to use. Do not use this product on wood surfaces that cannot withstand temperatures below 70°F.

Precautionary Statements
Hazard: THIS PRODUCT IS A HYPERTHERMAL AEROSOL Fungi- cidal Coating. This product contains a fungicide that is highly effective against mold and mildew. Do not exceed the label instructions.

CAUTION
Not intended for household use. This product is for professional use only. If this product gets into your eyes, wash your eyes immediately with water. Do not touch your eyes, nose, or mouth. If skin contact happens, wash with soap and water. Do not mix with other chemicals. Do not contaminate drinking water. If you spill this product, clean up immediately. If you spill this product, wash your hands with soap and water. Do not handle this product with bare hands. Use gloves, protective clothing, and masks as necessary. Do not use this product on wood surfaces that cannot withstand temperatures below 70°F.

Physical and Chemical Properties
This product is highly effective against mold and mildew. Do not exceed the label instructions. If you spill this product, wash your hands with soap and water. Do not handle this product with bare hands. Use gloves, protective clothing, and masks as necessary.

Chemical Ingredients:
DIYM (10) - Ethanol
DIYM (10) - Isopropanol
DIYM (10) - Water

Disposal:
Do not mix with or pour this product down the drain. Do not mix with other chemicals prior to use. Do not use this product on wood surfaces that cannot withstand temperatures below 70°F.

Preparation of the Surface:
Clean the area thoroughly to remove all debris, dust, and dirt from the surface. Do not use any abrasive materials to prepare the surface. Do not use any solvents to prepare the surface. Do not use any acids to prepare the surface. Do not use any alkaline solutions to prepare the surface.

Application of the Product:
Apply the product to the surface in a thin, even layer. Make sure the surface is completely covered. Do not exceed the label instructions.

Cleaning:
Clean up spills and splatters with warm soapy water. Do not use strong chemicals.

EPA Reg. No. 70846-1 / EPA Est. No. 70846-MA-1
