ONE GALLON (3.78 L)

DIRECTIONS FOR USE:
This is a violation of federal law to use this product in a manner inconsistent with its labeling.

Fiebings FlySpray 44 has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a slight shine to the hair when brushed out. 1-2 ounces per head per day gives adequate protection. Apply with either
soft cloth or fine mist spray. Remove or cover exposed foods before spraying. Do not apply to dairy animals.

USE TO WIPER: First, brush animal to remove excess dirt and dust. Motion (that do not wet to the root of the animal) is a soft
cloth and rub over the hair. It is best to apply rubbing against
the hair growth.

Only a light application is required. Avoid using an excessive
amount on your horses. Do not wet skin.

After application, brush out thoroughly to bring out bright sheen
on the coat. Repeat daily or as required.

USE AS A SPRAY: Fiebings FlySpray 44 may be applied as a fine
mist spray to stable area and coat and around stabled horses for
fast paralysis and kill of flies. Do not wet horse's skin or exceed
two ounces per application.

STORAGE & DISPOSAL:
Do not contaminate nates, hand edt by storage or disposal.

Storage: Store in original container in an area away from children and pets.

Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unclosed product down any indoor or outdoor drain.
