DIRECTIONS FOR USE: It is in violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions for use.

To Sanitize, Clean and Deodorize:
1. Clean toilet bowl thoroughly including the rim and under the rim.
2. Remove toilet tank top. Holding the tablet pouch away from face cut open with a pair of scissors. DO NOT TOUCH THE TABLET.
3. Flush toilet. Before tank refills, hold pouch over tank and drop only the tablet into the right rear corner of the tank. Discard pouch and wash hands thoroughly.
4. No removal necessary. Each tablet sanitizes for about 11 weeks. When the tablet is spent, replace with a new tablet. Product should only be used in a toilet that is flushed regularly.
5. When using this product do not add any other product to the toilet tank.

Contains 1 Tablet

Bleach Automatic Toilet Bowl Cleaner

Contains 1 Tablet

FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Keep out of reach of children
