PRECAUTIONARY STATEMENTS - HAZARDS TO 
HUMANS AND DOMESTIC ANIMALS - DANGER: Highly 
corrosive. Causes skin and eye damage. May be fatal if 
inhaled. Do NOT get in eyes, on skin or on clothing. 
Do NOT handle with bare hands. Wear goggles or face 
shields and use rubber gloves when handling. Only use 
containers that are thoroughly clean, dry, intrinsically 
 resonance and leak proof. Avoid breathing dust and fumes. Remove and wash contaminated clothing separately before reuse.

CHEMICAL HAZARDS: DANGER STRONG OXIDIZING 
AGENT. Add only into water. Use only when dry. 
Contains fumes that are highly corrosive, strong acid, 
irritant to eyes and skin. May cause severe eye damage.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to 
fish and aquatic organisms.

EMERGENCY HANDLING: In case of contact or decomposition:
- Do NOT use as a neckband.
- Immediately remove container to an open and 
well-ventilated outdoor area by itself.
- Flood with large amounts of water.
- Dispose of the container and any remaining con-
taminated material in an approved landfill area.

MADE IN THE USA

ITEM NO. 25204
75204-A-0183

POOL SHOCK
- Kills bacteria and controls algae
- Destroys organic contaminants
- No need to predissolve

ACTIVE INGREDIENT:
CALCUM HYPOCHLORITE 68%
INERT INGREDIENTS 32%
TOTAL 100%
MINIMUM AVAILABLE CHLORINE 65%

FIRST AID: For all Eyes: Hold eye open and rinse slowly and gently with water for 15-20 mini-
utes. Remove contact lenses. If present, after the first 5 minutes. Then continue flushing eyes. Call a 
poison control center or doctor for treatment advice. IF SKIN OR CLOTHING: Take off contami-
nated clothing, Rinses skin immediately with plenty of water for 15-20 minutes. Call a poison control 
center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor imme-
diately for treatment advice. Note percent by weight of water if unable to consult. DO NOT induce 
 vomiting unless told to do so by a poison control center or doctor. DO NOT give anything by mouth 
 to an unconscious person. IF INHALED: Have person fresh air. If person is not breathing, call 911 
or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a po-
ison control center or doctor for further treatment advice. Have the product container or label with 
you when calling a poison control center or doctor, or going for treatment. HAVE TO PHYSICIAN. 
Probable material damage may contaminate the site of patient exposure.

IN CASE OF EMERGENCY CALL: 1-800-654-8911

KEEP OUT OF REACH OF CHILDREN

DANGER: Contamination or improper use may cause fire or explosion. Do NOT contaminate 
with any foreign matter, including other pool treatment products. Add only into water. Read all precautions 
and statements on back label and front label and statements before use.

WAY YOU SHOULD USE THIS PRODUCT: This is a highly 
effective, multi-purpose product that prevents algae and shock treats your pool. It is conve-
nient, easy to use, and won't over-shock your pool for 
soluble pool water treatment. Follow our 4 step pool care 
plan below: 1. Test and adjust pool water balance. 
Step 2: Chlorinate and clarify. Step 3: Shock treat your 
pool at least once a week, and Step 4: Add algicide 
regularly where needed.

Additional shocking to keep water clean and clear is 
recommended after rain and heavy winds, high number 
of users, algae growth, high temperature, and/or 
increased frequency of pool usage.

DIRECTIONS FOR USE: It is a violation of Federal law to 
use this product in a manner inconsistent with its labeling.
READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

HOW TO USE: Add the recommended dosage of this 
product during evening hours while the filter is running. When 
adding this product to your pool, broadcast the product 
evenly over a wide area in the deepest part of the pool. 
Use entire contents when opened. If any granules settle 
at the bottom of the pool use brush to disperse.

WATER BALANCE: For best product performance, swim-
er comfort, and crystal clear water: Maintain pH in the 
range of 7.2 to 7.8. Maintain calcium hardness in the range 
of 80 to 120. Maintain total alkalinity above 200 ppm. 
Use a reliable test kit that measures all these ranges. 
Use pool care products to make adjustments. Follow label directions for each product. Do 
not use pool until the free available chlorine residual is 1-4 ppm for each of the below noted water 
treatment applications.

OPENING YOUR POOL: For best results, use the water 
balance above before treatment. Always adjust and 
maintain pH in the 7.2 to 7.8 range. Follow "SHOCK 
TREATMENT" directions on this package. Allow 24 min-
utes for products to disperse. Test free available chlorine residual with a test kit. Repeat treatment as needed.

SHOCK TREATMENT / SUBLIMATION: For best 
results, see "WATER BALANCE" and "HOW TO USE" 
section above before treatment. Every 7 days, or as neces-
sary to prevent pool problems, shock treatments/crystal 
ize the pool by adding one bag of this product per 
10000 gallons of water to provide to 10-15 ppm available 
chlorine. Additional shock treatments may be required 
when problems which are caused by visible algae, 
highbath tests, heavy wind and rainstorms.

Additional shock treatments may also be required to cor-
rect problems such as unheated water and eyes. 
Check the available chlorine with a suitable test kit.

ALGECIDE: Follow "SHOCK TREATMENT" direc-
tions on this label. Add this product as soon as possible 
to any algae on the sides or bottom of the pool. If neces-
sary, repeat the treatment. To prevent possible recur-
ring, follow these steps immediately after treatment. 
Thoroughly clean pool by brushing surface of algae 
and vacuum and in through filter.

STORAGE & DISPOSAL: Keep this product dry in its 
lightly closed container when not in use. Store in a 
cool, dry, well-ventilated area. Keep away from heat 
or direct flame. Do NOT reuse empty container. Return 
empty container thoroughly with water to dealer or 
material and discard container in trash. For disposal 
of a contaminated or decomposing product, see 
EMERGENCY HANDLING.
