GENERAL INFORMATION
This product is one of the high quality components that make up the "ENERGY SAVE" product system. It is a
quality checked 6.4% sodium hypochlorite solution that is especially designed for use in low temperature
dishmachine operations. It also should be applied as a "no-rinse" sanitizer of food contact surfaces and
equipment. This product provides immediate chlorine release for rapid bactericidal action when used as
directed. It promotes free rinsing and prevents food from contamination.

USE DILUTION:
Low Temperature Dishmachine: 1 oz. to 10 gallons (0.1 ppm)
Kitchencare: 2 oz. to 5 gallons (0.2 ppm)

PHOSPHATE CONTENT: 0.0%

BIODEGRADABILITY: 100%

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain
the required level of available chlorine.

UTENSIL SANITIZATION
1. Pre-rinse utensils and glasses whenever possible.
2. Wash in front tank using a recommended detergent.
3. Rinse in second tank.
4. Sanitize in a 2 oz. to 5 gallon solution (0.1 ppm). Immers all utensils for at least two minutes or for
contact time specified by governing sanitary code.
5. Place sanitized utensils on a CLEAN, SANITIZED rack or drainboard to air dry.

LOW-TEMPERATURE WASH/WASH SANITIZATION
1. Pre-rinse utensils and glasses before washing.
2. Wash using a recommended washer detergent for low temperature washing.
3. In rinse cycle, add a recommended rinse addition. Be sure rinse injection is working properly.
4. Sanitize using this product at 50 ppm. Adjust sanitizer pump to dispense the proper solution.
5. Allow dishes to air dry.

( ppm means parts per million of available chlorine in this product solution)

LOW TEMP
CHLORINATED SANITIZER
"No-Rinse" Sanitizer for Kitchenware Sanitization and
Low Temperature Dishmachine Use

EPA Reg. No. 7546-3-7586

ACTIVE INGREDIENT:
Sodium hypochlorite: 6.4%

OTHER INGREDIENTS: None

TOTAL: 6.4%

HINT AID
In(Canvas) add: Lab’s Program Center/certified by a company authorized to perform analysis if water is present in the water based products. Do not use water containing chlorides in the water in the water-based products. Do not use any additive for water-based products. If water is present, identify the water source and contact the appropriate person for further instruction.

STORAGE: Store product in a clean, dry, well-ventilated area.

IF IN EYES: Hold eyes open and rinse slowly with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

FIRST AID: For burns, cover the burned area with sterile bandages, followed by a bandage. Call a Poison Control Center or doctor for further treatment advice.

For Medical Emergencies call 911 or other emergency response numbers. Call local poison center or hospital for additional advice. Provide all pertinent information (product name, amount used, etc.) and take the container with you for reference.

NOTE TO PROFESSIONAL: In case of accidental exposure, flush area with water for 15-20 minutes. Call a Poison Control Center or doctor as soon as possible.

NET CONTENTS: 1 GAL (3.79 L)
STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment.

PESTICIDE STORAGE: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with organic matter (e.g., urine, feces, etc.) or chemicals (e.g., ammonia, acids, detergents, etc.) will release chlorine gas which is irritating to eyes, lungs and mucous membranes.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS

DANGER. Corrosive, will cause severe skin and eye irritation or chemical burns to broken skin. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.
