PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER! CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if swallowed or inhaled. Harmful if absorbed through the skin. Do not get in eyes, on skin or on clothing. Do not breathe vapor. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Wear gloves. Wear a respirator with an organic vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-230), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-145) or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any R, P, or HE prefilter.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin: Wash skin thoroughly with soap and water at least 15 minutes. Remove contaminated clothing and shoes. Cover skin with protective clothing and gloves. Wear a respirator with an organic vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-230), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-145) or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any R, P, or HE prefilter.

For formulation or repackaging into antimicrobial products for use in wood and oil field water flood systems, recirculating cooling water systems and heat transfer systems. For formulation or repackaging into preservative products for use in metal working fluids, paints and cleaning products.

This product is a concentrate for formulating or repackaging purposes only. For formulation or repackaging into antimicrobial products for use in wood and oil field water flood systems, recirculating cooling water systems and heat transfer systems. For formulation or repackaging into preservative products for use in metal working fluids, paints and cleaning products. For formulation or repackaging into antimicrobial products for use on hard surfaces and equipment in medical, commercial, residential, industrial and institutional premises.
