FIRST AID
Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes. Call a poison control center or doctor for treatment advice.
If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance. Then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contaminate the use of gastric lavage.

EPA Reg. No. 10324-01-3008
EPA Est. No. 10324-IL-1

SOLD BY:
Osmose, Inc.
980 Ellicott Street
Buffalo, NY 14209

This product is a concentrated biocide for use as a wood preservative. When used as directed, this product will protect treated wood articles from the destructive attack of fungi, mold, mildew and both Rodenticides and Fomosan species of termites. Treatment can be done by pressure. Wood articles that will be protected by these treatments would include millwork, construction laminates, decking, wood shingles, posts and other articles to be used in above ground applications.

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.
This product can be used in combination with other EPA registered organic and inorganic wood preservatives or it can be used alone.

DAC-QM and Copper Compounds
Mix this product with a wood preservative such as Axgard® or other NW 100-C (EPA Reg. No. 3008-87), or NW 200-C (EPA Reg. No. 3008-88). Refer to the product labels for NW 100-C and NW 200-C for process mixing instructions. This product is only for use in combination with copper compounds in pressure treatment applications.

Pressure Treatment
Place the wood article to be treated into the pressure cylinder and seal unit. Treat the wood articles using the pressure treatment procedures consistent with the equipment being used and standard treatment practices. Treatment conditions must be such as to produce a 0.1 to 0.6 lbs., foot retention in the treated article. Such treated wood is to be used for above ground uses only.

Personal Protection Equipment for Pressure Treatment:
Applicators must wear gloves, which are chemical-resistant such as nitrile or butyl in all situations where dermal contact is expected. Handling freshly treated wood and manually opening cylinder doors, individuals who enter pressure treatment cylinders and other related equipment that are contaminated with the wood treatment solution e.g., cylinders that are in operation or are not free of all treatment solution must wear coveralls over a long sleeved shirt and long pants, socks, chemical-resistant footwear, and protective eyewear, Federal, State and local confined space entry procedures need to be taken.
Applicators must not eat, drink or use tobacco products while doing parts of the application process that may expose them to the wood treatment formulation e.g. manually opening/gloving cylinder doors, moving parts out of cylinders, mixing chemicals, handling freshly treated wood.
Wash thoroughly after skin contact and before eating, drinking, use of tobacco products or using restrooms.

Protective clothing must be changed when it shows signs of contamination. Applicators must leave protective clothing and work shoes or boots and equipment at the plant. Worn out protective clothing and work shoes or boots must be left at the plant and disposed of in a manner approved for pesticide disposal and in accordance with State and Federal regulations.

PELIGRO: SI NO PUEDE LEER EN INGLÉS, PREGUNTE A SU SUPERVISOR SOBRE LAS INSTRUCCIONES DE USO APROPIADAS ANTES DE TRABAJAR CON ESTE PRODUCTO.

DANGER: IF YOU CANNOT READ ENGLISH, ASK YOUR SUPERVISOR TO EXPLAIN THE APPROPRIATE DIRECTIONS OR USE BEFORE WORKING WITH THIS PRODUCT.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER: Keep Out Of Reach Of Children. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed or inhaled. Harmful if absorbed through skin. Do not breathe spray mist. Wear a respirator with an organic vapor removing cartridge with a pretter approved for pesticides (MSHA/NIOSH approval number prefix TC-23), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-140), or a NIOSH approved respirator with an organic vapor (CV) cartridge or canister with any N, R, P or HE prefix. Do not get into eyes, on skin or clothing. Wear goggles or face shield and rubber gloves and protective clothing (chemical resistant gloves, long sleeved shirt, long pants, socks and shoes) when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARD
This pesticide is toxic to fish, aquatic invertebrates, birds and shrimp. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) Permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS
Do not mix with oxidizers, aromatic solvents and detergents. Do not use or store near heat or open flame.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.
PESTICIDE STORAGE: Open dumping is prohibited. Store only in original container. Do not reuse empty container. If a leaky container must be contained within another, mark the outer container to identify the contents. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse water is a violation of Federal law. If these wastes cannot be disposed of by the use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.
CONTAINER HANDLING DISPOSAL: Nonrefillable container. Do not reuse this container to hold materials other than pesticides or diluted pesticides. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. If rinsate cannot be used, follow pesticide disposal instructions. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.
RESIDUE REMOVAL INSTRUCTIONS: Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container ½ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store for later use or disposal. Repeat this procedure two more times.
