Total 0.400%

Also includes:
Diatomaceous earth 60%
Formulation 10%
Water 30%
**Shake well before use**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ALL DIRECTIONS COMPLETELY BEFORE USE** This product is intended to be used around residential structures to keep ants from entering the structure. The product will deliver a stream of product 10 to 15 feet long to help you treat hard to reach areas around the house. Direct your application to the areas as other insects use as colonizing entry points and foraging trails. This product is especially useful outside in early spring when ants emerge and attempt to enter the house. Use it again in the fall when ants may attempt to come inside for the winter.

**SHAKE WELL BEFORE EACH USE.** Hold container upright, shake well, and hold container above specified label tube to direct the application. A spare not extended tube is included with each can. For best results, follow directions for specific insects and use areas. This product is designed for outdoor use. Do not use on animals. Any residue product may adversely affect non-target building materials. Always test in an inconspicuous area prior to widespread use.

**DO NOT CONTAMINATE FOOD AREAS:** Do not allow adults, children or pets to enter the treated area until sprays have dried. Do not apply this product in a way that will contaminate food, children or pets, either directly or through drift. Do not use near water or any other area where runoff may occur. Overexposure to spray may be hazardous to fish, wildlife or beneficial insects. Do not contaminate water when applying equipment, stake hammers, or mister. See Directions for use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on flowering crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment site.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Do not use this product in or on electrical equipment due to possibility of shock hazard.

---

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. PESTICIDE STORAGE: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food. PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not contaminate water, food, or feed by storage or disposal. Do not dispose of container if empty. Place in trash or offer for recycling if available. Partly filled: Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

**FIRST AID:** If ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control centre or doctor for treatment advice. If SWALLOWED: Immediately call a poison control centre or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control centre or doctor or going for treatment.

**ENVIRONMENTAL HAZARDS:** This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Do not allow runoff to enter storm sewers, drains, or any other water course. Do not contaminate water when applying equipment, stake hammers, or mister. See Directions for use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on flowering crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment site.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Do not use this product in or on electrical equipment due to possibility of shock hazard.
