FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes. Continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person up on a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If persons is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Have the product container or label with you when calling a poison control center or doctor, or going for treatment, for emergency information call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), 7 days a week. During other times, call the poison control center 1-800-222-1222.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: May be fatal if absorbed through skin. Causes skin irritation. Harmful if swallowed. Causes moderate eye but temporary eye irritation. Harmful if inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Wear protective clothing (goggles, safety glasses or face shield), protective clothing, and rubber gloves. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment (PPE): Application and other handlers must wear the following: Coversalls over short sleeve shirt and short pants, chemical-resistant footwear plus socks and chemical-resistant gloves made of any waterproof material. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions are provided, wash with soap and water. Wash with PPE from other hand. Disinfect clothing and other absorbent material that have been directed on or heavily contaminated with the products concentrate. Do not reuse them.

User Safety Recommendations: Users should wash hands thoroughly with soap and water before eating, drinking, using tobacco, or using the toilet. Users should wash PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing. Wash the outside of gloves before removing. Users should wash hands thoroughly with soap and water before eating, drinking, using tobacco, or using the toilet. Wear protective eyewear (goggles, safety glasses or face shield), protective clothing, and rubber gloves. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product may contaminate water through runoff. For terrestrial uses, do not apply directly to water. Do not contaminate water, food, or feed by storage or disposal.

PHYSICAL OR CHEMICAL HAZARDS: Do not mix with soap, anionic detergents or oxidizers.

WARRANTY STATEMENT: BIODEX LABORATORIES warrants that this product conforms to the physical characteristics on the label when used in accordance with directions under normal use conditions. It is impossible to guarantee the success of this product, effectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of BIODEX LABORATORIES. The limited warranty is nontransferable and shall not be liable for consequential, specific or indirect damages resulting from the use or handling of this product. To the extent permitted by applicable law, all such rights shall be assumed by the Buyer. To the extent permitted by applicable law exclusive remedy for any buyer or use of this product for any and at less, injuries, or damages resulting from any cause arising from the use, handling or application of this product, whether in court, warranty, tort, negligence, strict liability or otherwise. shall not exceed the purchase price paid for this product by the Buyer.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in original container and place in locked storage areas. Keep from freezing. SPILLS OR LEAK PROCEDURES: Small spill may be mopped up and flushed away with water or absorbed on some absorbent material and incinerated. PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, even in small quantities, may be a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse as follows: Empty the remaining contents into a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recapture. Shake for 10 seconds. Store recapture for later use or disposal. Do for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available, or puncture and dispose of in a sanitary landfill, or by incineration, if allowed by state and local authorities, by burning. Burned, stay out of smoke.

KEEP OUT OF REACH OF CHILDREN

WARNING

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Please read entire label and use strictly in accordance with precautionary statements and directions. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. This product requires no special equipment for treating swimming pool water. The correct use of this product may contaminate the pool in any spot or added to the water circulation equipment. This product works the best when added by itself directly to pool water. This product is compatible with most chemicals normally used in swimming pool maintenance; however, in its concentrated form, this chemical should not come in contact with high concentrations of chlorine or any other oxidizer. DO NOT MIX THIS PRODUCT AND CHLORINE OR ANY OTHER OXIDIZER TOGETHER before adding to the pool. These chemicals should be handled separately. This product is not a stand-alone product. It must be used with halogen based pool sanitizers.

Initial Dose: When pool has visible algae growth, add 1 quart (32 oz.) of Aqua Pure Algaecide per 20,000 gallons of pool water by distributing around pool perimeter. One half hour (30 minutes) after adding algaecide, add three gallons (6 pts.) of a 3% chlorine solution consisting of one gallon of 10,000 gallons of water, or 2 lbs. dry chlorine per 10,000 gallons of water, or 2 lbs. dry chlorine (Calcium Hypochlorite) or equivalent other types dry chlorine, per 10,000 gallons water. Add Aqua Pure Algaecide to water by itself, do not mix or premix with other pool chemicals. Aqua Pure is non-corrosive at use dilutions to inanimate surfaces.

Discontinue swimming until chlorine residual is 1 ppm. Keep filter system operating continuously for 45 hours after treatment.

Backwash filter as required and brush pool daily. Vacuum pool before and after algaecide treatment.

Maintenance dose: pool is free of visible algae Add 4 oz. Aqua Pure Algaecide per 20,000 gallons of pool water every two weeks during the swimming season. Maintain pH of pool water in the range of 7.2 to 7.6 and maintain correct chlorine residual. Each graduation of side of bottle represents approximately 2 ounces.

ACTIVE INGREDIENTS:

Copper sulfate pentahydrate* ..................................28.029%
Alkyl (60% C14, 30% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chloride† ............................0.625%
Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chloride†† ..............................................0.625%
INERT INGREDIENTS: ..............................................70.721%
TOTAL ........................................................................100.000%

*Contains 71% elemental copper
