PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling.

FIRST AID
If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-255-8123 for emergency medical treatment information.

NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.

Physical or Chemical Hazards
Flammable. Contents under pressure. Do not puncture or incinerate container. Keep away from heat, sparks and open flame. Exposure to temperatures above 130°F may cause bursting. Contact with roof shingles may cause discoloration or other unwanted effects.

Environmental Hazards
This pesticide is highly toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide away from the treatment area.

NOTICE OF WARRANTY: Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. To the extent consistent with applicable law: In no case shall Rainbow be liable for consequential or special damages resulting from the use or handling of this product; all such risks shall be assumed by the buyer. Rainbow makes no warranties of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE or any other express or implied warranty except as stated above.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. SHAKE WELL BEFORE USE. Before spraying insects or nests give the can a short burst away from the nest to ensure proper pressure.

AREAS FOR APPLICATION: Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. Also used for Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas).

RESTRICTIONS: Do not use as a space spray. Avoid contamination of feed and foodstuffs. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

FOR WASP & HORNET CONTROL: (1) Spray from an upwind position. (2) Hold can in an upright position with nozzle end pointed towards nest while standing 6 to 12 feet away. (3) Begin spraying nest and as many flying insects as possible. (4) Thoroughly spray nest. (5) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

FOR YELLOW JACKET & BEE CONTROL: (1) Spray in a sweeping motion on external flying insects around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active. (4) For large nests, more than one can may be necessary.

FOR ANT & FIRE ANT MOUNDS: (1) Spray the entire perimeter of the ant mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active ants until no activity is seen. (4) For large mounds, more than one can may be necessary.

IF ANT PROBE IS USED: (1) Install the probe on spray can. (2) Spray the entire perimeter of the ant mound. (3) Using the Ant Probe, break up the mound exposing active ants. (4) Holding the probe about 2 inches from the active ants, spray surface ants. (5) Begin spraying and penetrate mound while pushing probe downward as far as possible. Continue spraying while removing probe. (6) Repeat as required by mound size.

FOR FORAGING ANT CONTROL: Spray directly on ants. Spray ant hills and runways. Repeat as necessary.

FOR OUTDOOR SPIDERS (including Black Widow and Brown Recluse), Cockroaches, Waterbugs, Silverfish, Crickets, Flies, Mosquitoes, Moths, Fleas, Ticks, Ants, Spiders, Cockroaches, and Horseshoe Slugs: Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may enter or congregate. For Fleas and Brown Dog Ticks, spray weeds and bushy non-crop vegetation. Do NOT spray pets or desirable vegetation.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry area (inaccessible to children) away from heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Non-refillable; do not reuse or refill this container. Do Not Puncture or Incinerate. This container may be recycled in the few but growing number of communities where (steel) aerosol cans recycling is available. Before offering for recycling, empty the can by using the product according to the label. If recycling is not available, replace cap and put in trash.
